

PROSKILLS

Professional Development *for* Veterinary Team Members

Enjoy the freedom of on-demand learning with our professional development courses for veterinary nurses. Our platform lets you expand your skills whenever suits you, using your computer, tablet or phone. An exceptional education is merely a click away. Each course is taught by renowned veterinary experts, offering you a chance to learn from the best.

Proskills Courses

Over 200 courses (and growing). Explore tailored online courses, from brief refreshers to deep-dive sessions, designed for the dynamic vet nurse.

Choose from topics for any purpose spanning **Clinical Skills**, **Customer Service**, **Leadership**, and **Team Skills**.

Buy a 1-year **Single Course** access, or a **Month-to-Month Individual** or **Clinic Team Access Subscription** to access all short courses month to month.

Long Form Courses

Hands-on, applicable 6-9 month courses offer solo or group learning options.

Boost abilities with our **Customer Service Intelligence** course, using practical vet scenarios for superior service mastery.

Transform your practice with **Leadership Intelligence**, gaining insight into vital leadership facets integral to the seamless functioning of your practice.

We also have technical courses in **Radiography** and **Dentistry**.

Proskills Courses Options

Single Course Purchase

Unlock your potential with our diverse range of online courses, designed for the busy vet nurse. From quick 15-minute refreshers to comprehensive 2 hour deep dives, find the perfect fit for your learning needs and pace. Embark on a journey of knowledge today, with every course at your fingertips.

Subscribe to the lot

Maximise your professional development with our monthly subscription. Gain unlimited access to our curated PD short courses, perfect for the continuous learner. With new content added regularly, you'll always be at the forefront of veterinary nursing. Make the most of your learning journey, one month at a time.

Team Access Subscription

Empower your veterinary practice with our PD short courses. Our team access plan allows managers to guide their team's learning journey, ensuring everyone stays updated and on the same page. Enhance your team's skills together, building a more competent and confident veterinary practice.

Long Form Course Options

Embark on this journey solo or take any course as a team, with collaborative exercises guided by your team leader. On successful completion, you gain a Certificate of Achievement.

Customer Service

An immersive journey designed to upgrade your service acumen. Rooted in practical, real-world veterinary practice scenarios, this program is split into six distinct modules with emphasis on the application of elegant customer service principles.

Leadership

A game-changing course designed for veterinary professionals, seeking to cultivate influential leadership qualities. Six comprehensive modules encapsulate diverse facets of leadership, each integral to the seamless functioning of your practice. Learn through direct application, ensuring practical relevance.

Clinical Skills

Dentistry: A concise five-module course, honing your practical skills through comprehensive learning of dental anatomy and treatment strategies.

Essential Radiography: An intensive course focusing on radiography procedures, from preparation to application, and delivered through engaging lessons.
