About Hands-On at Otago

Hands-On at Otago is an annual week long programme in which Year 12 & 13 students from all over New Zealand get to experience a snapshot of life at the University of Otago Dunedin campus. During the week, students have the opportunity to stay in a residential college, as well as participate in research projects, tastings and social activities in a safe, co-operative and inclusive environment.

The dates for Hands-On at Otago 2026 are 11 to 16 January, inclusive.

I support the application of _____, who has the potential to excel and would benefit from attending Hands-On at Otago.

Please give a brief overview of why you are supporting them. Note: If this student is applying for a scholarship, please provide further details on the following page.
