

Australia's Premier Mental Health Forum for Occupational Therapists

Occupational Therapy Australia warmly invites you to participate in the OT Mental Health Forum 2024 on Thursday 28 - Friday 29 November at the Melbourne Convention and Exhibition Centre.

The forum will provide opportunities for occupational therapists to come together and exchange ideas, share practices and challenges, network and meet new colleagues, and learn from the exciting array of current mental health practice and research activity happening in the occupational therapy space.

» *"I had an amazing time at the OTA Mental Health Forum. It was incredibly energising and reinvigorating to meet with other OTs working in mental health and hear about the unique shared challenges, as well as the amazing work people have been doing."*

Emma Delaney, OT
Royal Melbourne Hospital - North West Mental Health
