

Continuing Professional Development

Presenter Fees and Supports

Occupational Therapy Australia (OTA) values being able to present relevant and contemporary high quality and affordable continuing professional development (CPD) to its members. As part of this commitment, we have recently introduced a CPD advisory panel from members nominated by their peers to review our opportunities for CPD programming.

Many of our CPD presenters are members and are also active 'industry-advisor volunteers' instrumental in our advocacy work. Our CPD contributors' collective experience ranges across the whole spectrum of practice - policy, management, research, clinical services and teaching roles. Their employment basis is both complex and every changing.

The complexity of the CPD market has also experienced significant changes in recent months and we are working hard to both adjust to this and keep the breadth of our programs interesting and accessible. In line with these adjustments, we have undertaken a review of our fee structures and are pleased to share our standard rates on offer in 2022 are as follows:

1-hour Webinars	Session preparation AND Presentation	\$380
Longer Webinars	- Session preparation 1 hour for each hour of presentation, AND	\$190
	- Presentation time	
	- First hour	\$190
	- Subsequent hours	\$95
Recorded Webinars / Library ad-hoc access	Per recording from live sessions online, including responding to limited numbers of specific follow up questions	20% of registration fee income for the duration of the contract
Face to Face Workshops	Session preparation and presentation	\$1,500

In some circumstances these fee arrangements may vary, for example:

- More than one person is presenting
- The topic has never been run before and may be getting tested for further development
- A presenter is new to providing webinars
- Additional administration or in session technical supports are requested
- Access to a dedicated manual or workbook is required
- Presenters provide related workshops from within their own practice
- Specialist presentations have been commissioned by OTA
- Employment arrangements do not allow for payment to presenters
- An agreement for receiving a modest honorarium arrangement is requested by the presenter based on personal determination around contributing to the profession.

Which ever fee arrangements are applied, we acknowledge the personal journey involved in becoming a CPD presenter, we recognize the skills needed and value greatly the benefits OTA hosted CPD affords our members and the profession.
