Oral Presentation

Oral Presentations will be 25 minutes in total (a 20-minute presentation and up to 5 minutes for Q+A at the end of your presentation). Any submissions not selected for an Oral Presentation will be considered for a Poster Display.

Audience Engagement

You'll engage attendees through a clear presentation of your content. A short Q&A at the end provides an opportunity for attendees to ask questions and explore how the topic applies to their work.

Occupation Station

Occupation Stations will be 25 minutes in length and will engage participants in completing an occupation / activity that demonstrates a therapeutic or similar intervention, skill or strategy and provides an understanding and discussion regarding its use and benefits.

Audience Engagement

You'll guide attendees through practical exercises, with Q&A integrated throughout to enhance hands-on learning.

Clinical Conversation

Clinical Conversations will be up to 45 min with up to 3 panel members and moderator. Clinical Conversations will be a live and interactive discussion on a specific topic. When submitting, please indicate the participating panellists.

Audience Engagement

Attendees are invited into a dynamic, moderated discussion where panellists share insights from different perspectives. The interactive format encourages audience questions and contributions throughout, making space for diverse experiences and practical takeaways.

Workshop

Workshops will be 45 minutes in length and involve a structured and engaging presentation on a key topic of research, program/strategy implementation or innovation. When providing a submission please provide any specific ideas for engagement or workshop facilitation style.

Audience Engagement

You'll guide attendees through practical exercises, with Q&A integrated throughout to enhance hands-on learning.

Poster Display

Poster Displays will be on display for the duration of the Conference. Full details of the format and display of Posters will be detailed within acceptance notifications sent to nominated presenting authors

Impact Insights

Present your impact insights in a concise, 5-minute oral presentation, focusing on quality improvement and practice-based research or case studies. This format features a single presentation slide, following a TED-style approach for maximum clarity, impact and engagement.
