

**Georgia Foti**  
**Project Manager, Foti International Fireworks**

Georgia was born into fireworks, with the knowledge and passion of the art and science of pyrotechnics running through her blood. As a fourth-generation family member in the business in Australia, Georgia is responsible liaising directly with clients and ensuring events are delivered in an effective and efficient manner.

Display administration and logistics is essential for the day to day running of the business and Georgia works collaboratively along-side 16 other fulltime staff members to ensure relevant permits and approvals are obtained, staff is allocated accordingly, and customer requirements and concepts are understood.

Initially starting a degree in High School teaching in 2017, Georgia transitioned from that into a fulltime role in the business in 2019 as a project manager. Since then, she has managed from both a site and display perspective over 60 staff for Sydney New Years Eve with a bump in to bump out timeline of three-weeks on-site as well as Brisbane Riverfire, VIVID Sydney, Canberra Sky Fire and all National Rugby League (NRL) related events.

In 2023, Foti achieved a company record of completing over 1000 jobs in a calendar year of which Georgia was pivotal in co-ordinating.
