Why Choose Natura?

1. Technically Superior Products @ Great Value:

- Natura Therapy provides the most powerful & sophisticated wearable therapy devices at a great value price point
- Enabling us to provides high-quality therapy devices to patients at affordable prices.

2. Strong Regulatory Compliance & Quality Standards:

- All Natura products comply with the highest levels of regulatory & quality standards including NMPA (China), FDA (US), and Australian TGA accreditation. In addition we implement ISO and MDSAP as non-negotiable standards.
- Compliance of our Quality Management System (QMS) serves as the prerequisite for all business activities.
- So we can provide a data-driven decision-making mechanism to drive organizational evolution via internal audits, management reviews, and Corrective and Preventive Actions (CAPA).

3. Innovative Product Development:

- Natura Therapy focuses on high levels of ongoing innovation – driven by evolving medical & clinical demands from our practitioner clients – and the increasing range of natural therapy needs that today's customer expects to provide safe, effective medical treatment at home.
- Natura Therapy has many products in various stages of development – including early testing, clinical trials, FDA approvals, etc. And we are in a constant process of meeting the medical & clinical needs of our customers, and the new opportunities of the market, as they expand.

4. A Proven Track Record of Hospital/Clinical Success:

- Natura Therapy products have been developed in conjunction with medical professionals - selling over 200,000 devices across 30 different products in the US market. We are also an official supplier to American Veterans Hospitals in the US.
- This means we can deliver very high-standard solutions that support healthcare professionals and improve patient outcomes - as evidenced by the fact we have zero regulatory non-conformity issues, and no medical device adverse event cases.
- This track record of convenient, safe & cost effective treatment serves as well as we launch Natura Therapy into Australian and regional markets.

Australian Launch

Australian Owned & Run Business

Natura Therapy is an Australian owned and operated business - with a global and regional focus, and a team spread across North America, Hong Kong, China, Thailand and Australia.

After success with over 200,000 products sold across 30 product types in the US - we're looking to launch into the Australian market. There's a massive opportunity in Australia for high quality, medical-grade wearable natural therapy devices that provide proven, safe & cost effective health recovery for patients from home.

Australian TGA Accreditation

As noted Natura Therapy is committed to meeting the highest regulatory & quality standards - as this provides medical practitioners and specialists with the confidence they need to provide safe & effective, non-invasive and non-pharmaceutical health solutions to their patients.

We have gone through the Australia TGA approval process and are attending Focus26 to discuss our market entry plans & explore local partnerships.

Partnership Opportunities

We'd love the opportunity to discuss potential clinical retail or distribution opportunities - both for the B2B and the B2C sales channels in Australia.

We have experienced team that looks forward to working with local partners that share our vision to provide better, safer & more effective natural health solutions to every body.
