Gold Coast Convention & Exhibition Centre
2684-2690 Gold Coast Hwy
Broadbeach QLD 4218

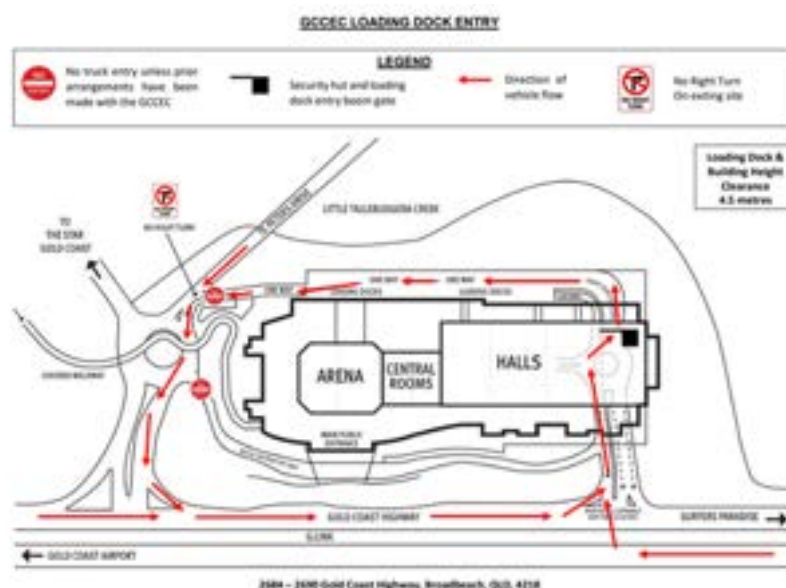

At Gold Coast Convention and Exhibition Centre (GCCEC), we provide convenient undercover spaces for short-term parking, ensuring visitors have hassle-free access to our venue. Our parking facilities include two electric vehicle (EV) chargers. For your convenience, we offer a flat rate of \$15 inclusive of GST for daily parking at the Centre. Please note that parking charges recommence after 2 AM. Our parking clearance height is set at 2.1 metres, and we strictly enforce a 10 KPH speed limit within the car park premises. Visitors are advised to refer to the terms and conditions displayed at the entry to the car park for further guidance.

For events within the Exhibition Halls

Parking for everyone is in our underground carpark which is \$15 per vehicle. Exhibitors are able to drop things off on the loading dock if required and then park in the carpark.

For additional information including rates and clearance heights, click through:

<https://www.gccec.com.au/about-us/parking/>

Onsite at GCCEC

Storage

Storage is available in Hall 2 loading dock. Onsite logistics and forklift services can be provided for exhibitors; however, this does not include freight delivery to and from the venue. Exhibitors are responsible for arranging their own freight logistics. Exhibitors may not leave boxes and packing materials in the Exhibition Display Area during the event.

Exhibitors who require additional storage space must arrange this through APodA.

Cleaning

Public areas, foyers, and exhibition aisles are cleaned daily, and rubbish bins are emptied by the Centre's cleaning staff. If you require cleaning for your individual stand, you must book directly with GCCEC using the [Stand Cleaning Order Form](#).

Stand cleaning must be booked at least 21 days prior to the event, and you will need your stand number to complete the form.

Utility services

Exhibitor Services can arrange for any water, waste, compressed air or electrical services you may require, please book via the online portal. Please note GCCEC does not do Test and Tag.

Electrical equipment

We reserve the right to request removal from the site of any electrical equipment it deems to be non-compliant or suspect and can call upon internal specialists to assist when necessary.

All portable electrical equipment, appliances and leads used on the GCCEC site must be tested and tagged in accordance with Australian Standard 3760 and WH&S Act 2011. Any electrical equipment found not tested will have to be tested immediately or removed from the Centre. For safety reasons, double adaptors are not to be used in the Centre.

Onsite at GCCEC

Food & beverage sampling

Only GCCEC Management and its representatives are entitled to (and Hirer will not) bring into or provide or sell in the event facilities or the center, food and beverages (whether alcoholic or not), without prior permission.

If you would like to distribute food samples to visitors or guests from your Exhibition Stand please contact APodA to gain written approval of GCCEC Management (which will not be unreasonably withheld).

To submit a sampling form please go to the portal link and download the sampling form, fill out, and upload to the portal. If there are any issues, please contact GCCEC or APodA.

Catering, barista services, and on-stand networking functions can be arranged through GCCEC's service menu and order form. Exhibitors must complete the necessary forms to place an order.

Please note that all catering must be approved by APodA before submitting your order to GCCEC.

For more details, refer to the [GCCEC service menu](#) and order form.

Noise

Microphones, sound amplification, machine demonstrations and videos will be permitted where the level of sound causes no annoyance to neighbouring exhibitors or visitors. We reserve the right to enforce sound level restrictions on your exhibit if noise becomes an annoyance to a neighbouring exhibitor.

Security

Security guards will be on duty during the bump-in, exhibition days and bump-out.

Exhibitors must make provisions for the safeguarding of their goods and equipment at all times. Please be security conscious, do not leave valuables or portable electronic equipment unattended at any time in your stand. Whilst every precaution is taken, neither APodA nor the venue can accept responsibility for any loss or damage that may occur to persons or property at the exhibition, from any cause whatsoever.

Exhibitors should ensure adequate insurance coverage against the loss, theft or damage of all products bought to the exhibition; this includes during transportation to and from the event.

Onsite at GCCEC

Storage

Please note that there is only **limited storage available** within Hall 2 loading dock.

Onsite logistics and forklift services can be provided for exhibitors; however, this does not include freight delivery to and from the venue. Exhibitors are responsible for arranging their own freight logistics. Exhibitors may not leave boxes and packing materials in the Exhibition Display Area during the event.

Exhibitors who require additional storage space must arrange this through APodA.

Exhibitor lead management

The 2025 Australian Podiatry Conference App will feature a lead capture and management function. When a delegate visits your stand, with their permission, exhibitors will be able to use their own mobile devices to scan and record delegate contact information which can be exported later for further sales efforts. This feature is included in your exhibition package at no extra cost. More information and instructions on how to set up lead management for the conference app will be emailed to prior to the conference.

GCCEC visitor induction portal

Registering as a visitor for GCCEC is a key component of attending the conference.
