“ Let’s talk about how technology can enhance the teaching and learning at your school! ”

PROFILE

I bring over 13 years of experience in the education sector, specialising in Mathematics and Science instruction. With a strong passion for digital pedagogy, I have been at the forefront of integrating innovative teaching methods, supporting my colleagues in the adoption of new technologies and practices.

Based in Brisbane, I have a broad teaching background, having worked within various school systems and understanding the diverse needs and experiences of students. In my role as Learning & Development Coordinator for Queensland Computers, I am collaborating with leaders in education to help implement technology in schools, ensuring it is used to its fullest.

ICE BREAKERS

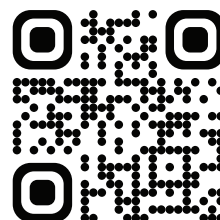

First “hellos” can be tough. Here’s a few Ice-Breaker topics, I’d love to talk about when we catch-up.

- + Annual Implementation Plan (AIP)
- + Digital Pedagogy
- + Classroom Collaboration
- + Student Engagement
- + Mathematics Curriculum
