

Workforce management made easy

Wageloch is the powerful all-in-one workforce management platform that takes all your rostering, time and attendance tasks online – and automatically applies your award rules and pay rates. So you save time, money and mistakes on manual tasks and calculations.

Why Wageloch?

- Manages consistent application of complex wage awards.
- Makes it simple and stress-free to manage staff across all sites.
- Handles 24 hour rostering, clocking and timesheets – so you don't have to.
- Offers flexible biometric clocking options and mobile GPS tracking, so you know the right person is in the right place at the right time.
- Ability to roster staff and reallocate hours across different locations.
- Easily communicate shift and rostering updates via the mobile app.

Proudly Australian and family owned since 2006, Wageloch is designed with your business in mind

We know your industry inside out

Thousands of businesses and industry leaders across Australia and New Zealand rely on Wageloch to make managing their team a breeze. So wherever you work, we'll get you up and running quickly.

- Pharmacy
- Healthcare
- Hospitality
- Manufacturing
- Retail
- Education
- Childcare
- Mobile workforces

"Wageloch has slashed our data entry from a whole day to under an hour, and made a job that required two full-time staff manageable by one!"

– G. Hayward, Chemplus Pty Ltd

Local, friendly support

From training to troubleshooting, we'll guide you step-by-step through everything you need to know. Speak to a local expert, in real time, any time you need a hand – and far beyond your first payroll cycle.

Easy integrations

Wageloch integrates seamlessly with powerful payroll, POS and bookkeeping platforms including MYOB, Xero and Reckon. We can even connect it with your existing systems – so you spend less time on admin tasks, and more on what matters most.
