Overview

Benefits of Partnership

Obstetrics and Gynaecology is a unique specialty; in that it combines elements of both surgery and medicine. Highly trained specialist obstetrician-gynaecologists may have exposure to surgery through both operative Obstetrics and Gynaecology, and medicine through endocrinology, oncology, internal medicine, and medical imaging.

The Regional Symposium is tailored to meet the needs of the RANZCOG membership.

The 2024 Regional Symposium held in Glenelg, South Australia was an overwhelming success with a record attendance of over 320 attendees. The RANZCOG Symposium held on the Sunshine Coast, Queensland attracted over 350 delegates and was also an astounding success. Both symposia are a highlight on the on the RANZCOG Event calendar.

In 2025, RANZCOG plans to incorporate Education & Engagement Days (EED), raising the total to three EED events and one Regional Symposium. This expansion aims to cater to local members by offering events within their proximity.

Your involvement will enable you to meet and connect with delegates from across Australia in unique, annual events that is tailored specifically to them.
