

Develop specialist skills in medical ultrasound.

Take the next step in your medical ultrasound career with a Master of Medical Ultrasound (CM53) at CQUniversity. Enhance your theoretical knowledge in a specialist area as you learn from lecturers who are experts in their field. Start anytime and study at your own pace and enjoy no assessment deadlines or term constraints.

ENHANCE YOUR EXPERTISE

If you hold a Graduate Diploma in Medical Sonography or equivalent, plus two years of clinical experience, the Master of Medical Ultrasound is an ideal course to broaden your knowledge in areas of advanced clinical sonographic practice and research.

You will study one core unit dedicated to foundational skills and knowledge needed for medical science research:

- › Medical Science Research Project.

You will also complete three units from the following:

- › Upper Body Advanced Musculoskeletal Sonography
- › Lower Body Advanced Musculoskeletal Sonography
- › Advanced Foetal Echocardiography
- › Advance Vascular Sonography
- › Advanced Obstetric and Paediatric Sonography
- › Advanced Communication and Clinical Education.

The information in this publication was correct at the time of printing (June 2025), however, is subject to change. Check the University website for the latest information.

CAREER OUTCOMES

This course is an ideal professional development opportunity for qualified medical sonographers. You will undertake units in advanced practice in disciplines of your choice. You will graduate ready to advance as a specialist in your chosen area. Plus, your expertise will be in high demand across both the private and public sectors.

This course is not a pathway to becoming an accredited medical sonographer or echocardiographer.

UNMATCHED FLEXIBILITY

Entirely online

This course is offered 100% online via our hyperflexible platform. Enjoy greater flexibility to fit study around your work and lifestyle.

Self-paced

Start anytime and study at your own pace, without assessment and term deadline constraints.

Ideal for motivated learners

Our hyperflexible learning courses are specifically designed as low-touch courses to suit motivated professionals who are capable of self-directed study.

FEE-HELP option

As a tertiary accredited postgraduate course, eligible students can still opt to access FEE-HELP, the Government loan scheme to help pay tuition fees.
