

PROGRAM DAY 1 - FRIDAY 31 MAY 2024

Information is correct at time of publication, however is subject to change without notice. Check the conference App for the most up to date copy of the program.

Obstetrics Breast

8.30 AM	REGISTRATION										
OPENING PLENARY											
10.00-10.10 AM	Welcome to Country										
10.10-10.15 AM	Convenor's Welcome										
10.15-10.25 AM	ASA President's Welcome										
10.25-11.30 AM	Opening Plenary										
11.30-12.30PM	LUNCH										
LECTURE ROOMS						WORKSHOPS					
		C4.5	C4.11	C4.6	C3.2	Room C4.4	Room C4.9	Room C4.10	Room C4.8	Room C4.3	EXHIBITOR HALL
	Vascular Better Together	Gynaecology Ovarian Odyssey	Musculoskeletal Let's start at the very beginning	Professional Topics Research Matters	Cardiac Echo in special populations	Philips	Siemens	Canon	GE	Mindray	ASA ARENA
12.30-12.40 PM 12.40-12.50 PM	Advances in 3D ultrasound AI to assess carotid disease Dr Steven Rogers	Perimenopause and beyond – What should we be on the look out for? <i>Mrs Vanessa Pincham</i>	How muscles fail: the enthesis organ unit, tendon and musculo-tendinous junction <i>Mr Stephen Bird</i>	Sonographer-led research Assoc Prof Ann Quinton	Left ventricular assist devices and ECMO Ms Kate Sturwohld	PAEDIATRICS Sonography of hip dysplasia	MUSCULOSKELETAL Adhesive capsulitis of the shoulder	VASCULAR Unveiling of arterial abdominal ultrasound: Beyond the gas	OBSTETRICS Pre-eclampsia & uterine arteries	GENERAL Men's health	Fostering sonographer longevity: Nurturing a happier more sustainable workforce
12.50-1.00 PM 1.00-1.10 PM	Haemodialysis access: It's a team effort <i>Mr Greg Curry</i>	Benign ovarian findings Dr Valeria Lanzarone	Why and when the physio needs ultrasound Mr Peter Esselbach	Fostering collaboration in sonography teams Mrs Alison White	Cardiac transplants Mrs Cynthia Hayward	Mr Cain Brockley -	Mrs Sumi Shrestha Taylor	Miss Lara Anders	Ms Kate Wilson	Mr Peter Coombs	
1.10-1.20 PM	Comparison between 2DUS and t3Dus for the assessment of the lower limb artery Dr Adel Alzahrani	'To be or not to be': the pelvic cyst enigma <i>Ms Gillian Profaca</i>	WI Peter Essendacti	Preliminary results and challenges of a randomised clinical trial of ergonomic education in a sonographer cohort <i>Ms Kristie Sweeney</i>	wis Cynuna naywaru						
	Mesenchymal chondrosarcoma originates from the femoral vein Dr Hao Nguyen Thi	Tarlov cyst – An incidental finding of a meningeal cyst in a 'routine' pelvic examination <i>Ms Teresa Clapham</i>	Proximal intersection syndrome Mr Brian Richards	Students' perceptions on transfer of learning from online sonography courses to traineeships Ms Sandhya Maranna	Complications from heart failure miles away <i>Mr Lucas Neilsen</i>	BREAK					
1.30-1.40 PM	Role of ultrasound in vascular surgery Dr David Robinson	Ovarian cancer: Screening and approach to adnexal pathology Dr Kate Stone	Insights into shoulder impingement: Understanding the causes and ultrasound findings <i>Ms Lisa Smith</i>	Collaborative research: a student's perspective <i>Mr Eunjae Lee</i>	TTE assessment in pregnancy Mr Michael Stephens	PHILIPS "Ultrasound of the finger?" <i>Mr Jerome Boyle</i>	OBSTETRICS Third trimester Dopplers – Tips and troubleshooting for the general sonographer	Ms Margaret Yuen &	BREAST Camouflaging breast lesions <i>Ms Louise Worley</i>	GENERAL Elastography and fat quantification	
1.40-1.50 PM 1.50-2.00 PM	Understanding CT for vascular sonographers		Scanning inguinal hernias: Not so hard at all Mrs Erin Geeves	Networking research across Europe's largest vascular	-		Mrs Erika Cavanagh	Ms Angela Tegg		Prof Adrian Lim	
2.00-2.10 PM 2.10-2.20 PM	Mrs Jamie Feëney Cystic adventitial disease case study	A pictorial essay of ovarian masses Dr Karen Mizia	Shoulder fundamentals Mrs Siobhan Tranter	surgery centre: lessons from MAVRIC Dr Steven Rogers What is being done to improve wellbeing in the	Live scanning Left ventricular - assist devices Ms Kate Sturwohld						
2. 10-2.20 F IVI	Mr Heath Edwards			workplace? Job demands and resources experienced by public and private Australian sonographers <i>Ms Catherine Hall</i>	ins rate sturi wornu						
2.20-2.30 PM	Q&A Session	Q&A Session	Q&A Session	Q&A Session	Q&A Session						
2.30-3.00 PM	AFTERNOON TEA			_							
	Obstetrics First Trimester	Breast Cancer and Correlations	General Hepatic Happenings	Paediatrics The Basics	Cardiac Cardiac Chambers	Philips	Siemens	Canon	GE	Mindray	ASA ARENA
3.00-3.10 PM	The changing landscape that is first trimester screening and where ultrasound fits Dr Jennifer Alphonse	Beyond the scan: The untold magic of patient histories in revolutionising breast imaging	'Same, same but different' – Our experience in Vietnam Ms Julie Cahill	Unravelling intussusception Ms Sharon Williams	Tips and tricks of the left ventricle Mr Tony Forshaw	OBSTETRICS Early fetal anatomy	MUSCULOSKELETAL Brachial plexus	GYNAECOLOGY Beginner's guide to endometriosis in a routine pelvic ultrasound	VASCULAR Carotid	MINDRAY Multi-parametric liver assessment	Developing tomorrow's workforce today
3.10-3.20PM		Mrs Naz Clifford	Assessment of the liver with two-dimensional shear wave elastography following COVID-19 infection: A pilot study <i>Ms Joyce Yea See Lau</i>	-		Mrs Joanne Logan	Mr Andrew Grant	Mrs Petrina Rousel	Ms Paula van der Gugten	Prof Ernst-Michael Jung	
3.20-3.30 PM 3.30-3.40 PM	Missed miscarriages and complications Dr Karen Mizia	Advancing U/S technologies – are they useful for breast assessment? <i>Prof Adrian Lim</i>	Liver transplants Mrs Christina Farr	Paediatric breast ultrasound Ms Natasha Roussel	The left atrium Prof Liza Thomas						
3.40-3.50 PM	Audit of first trimester biometry following ISUOG (2023) first trimester guidelines update Dr Narelle Kennedy	Al in breast imaging Ms Louise Worley	Elastography and fat quantification for staging of liver fibrosis <i>Mrs Jane Keating</i>	Neonatal kidney development in preterm babies using micro colour Doppler Dr Eveline Staub	-						
					Tips and tricks of the right ventricle	BREAK		•	1	ł	
3.50-4.00 PM	Open spina bifida and sonographic cranial markers in the late first trimester scan <i>Mrs Keely Cardew</i>				Ms Kate Sturwohld						
3.50-4.00 PM 4.00-4.10 PM	the late first trimester scan <i>Mrs Keely Cardew</i> Obstetric ultrasound – Are we scanning the mother	Post MRI second look ultrasound Ms Nazrate Negasi	State-of-the-art: Multiparametric ultrasound for liver assessment Prof Adrian Lim	Paediatric oncology: Common tumours and ultrasound appearance Dr Tom Watson	Ms Kate Sturwohld	MUSCULOSKELETAL Abdominal wall nerves Mrs Marguerite Leber	GYNAECOLOGY Advanced endometriosis assessment (DIE)	CANON Hand/wrist/forearm nerves Mr Stephen Bird	PROFESSIONAL TOPICS Navigating tough communication Ms Julie Cahill & Mrs Naz Clifford	OBSTETRICS Neuroanatomy in the first trimester Ms Lisa Clarke	
	the late first trimester scan Mrs Keely Cardew Obstetric ultrasound – Are we scanning the mother or the baby? Is it only a medical examination or is it an experience?		assessment	ultrasound appearance	Ms Kate Sturwohld Pulmonary hypertension: the pressures of being right Ms Kim Prince	Abdominal wall nerves	Advanced endometriosis	Hand/wrist/forearm nerves	Navigating tough communication	Neuroanatomy in the first trimester	
4.00-4.10 PM	the late first trimester scan Mrs Keely Cardew Obstetric ultrasound – Are we scanning the mother or the baby? Isit only a medical examination or is it an experience? Ms Teresa Clapham Efficacy of midwife obstetric ultrasound training with handheld ultrasound devices in rural Cambodia		assessment	ultrasound appearance	Pulmonary hypertension: the pressures of being right <i>Ms Kim Prince</i> Live scanning Left atrial optimisation	Abdominal wall nerves	Advanced endometriosis assessment (DIE)	Hand/wrist/forearm nerves	Navigating tough communication	Neuroanatomy in the first trimester	
4.00-4.10 PM 4.10-4.20 PM 4.20-4.30 PM	the late first trimester scan Mrs Keely Cardew Obstetric ultrasound – Are we scanning the mother or the baby? Is it only a medical examination or is it an experience? Ms Teresa Clapham Efficacy of midwife obstetric ultrasound training with handheld ultrasound devices in rural Cambodia Ms Celia Lim How useful is NIPT beyond screening for trisomies 13, 18 and 21	Ms Nazrate Negasi Ultrasound-guided approaches to breast surgery and patient care	assessment Prof Adrian Lim Contrast enhanced ultrasound (CEUS) for focal liver lesions	ultrasound appearance Dr Tom Watson Soft tissue lumps and bumps. When to be worried	Pulmonary hypertension: the pressures of being right Ms Kim Prince	Abdominal wall nerves	Advanced endometriosis assessment (DIE)	Hand/wrist/forearm nerves	Navigating tough communication	Neuroanatomy in the first trimester	
4.00-4.10 PM 4.10-4.20 PM 4.20-4.30 PM 4.30-4.40 PM	the late first trimester scan Mrs Keely Cardew Obstetric ultrasound – Are we scanning the mother or the baby? Is it only a medical examination or is it an experience? Ms Teresa Clapham Efficacy of midwife obstetric ultrasound training with handheld ultrasound devices in rural Cambodia Ms Celia Lim How useful is NIPT beyond screening for trisomies 13, 18 and 21	Ms Nazrate Negasi Ultrasound-guided approaches to breast surgery and patient care	assessment Prof Adrian Lim Contrast enhanced ultrasound (CEUS) for focal liver lesions Mrs Jane Keating The clinical utility of the FAST scan for general practice	ultrasound appearance Dr Tom Watson Soft tissue lumps and bumps. When to be worried	Pulmonary hypertension: the pressures of being right <i>Ms Kim Prince</i> Live scanning Left atrial optimisation	Abdominal wall nerves	Advanced endometriosis assessment (DIE)	Hand/wrist/forearm nerves	Navigating tough communication	Neuroanatomy in the first trimester	

Professional Topics

PROGRAM DAY 2 - SATURDAY 1 JUNE 2024 Information is correct at time of publication, however is subject to change without notice. Check the conference App for the most up to date copy of the program.

Obstetrics Breast

8.30-9.00 AM	REGISTRATION										
LECTURE ROOMS						WORKSHOPS					
	C4.1	C4.5	C4.11	C4.6	C3.2	Room C4.4	Room C4.9	Room C4.10	Room C4.8	Room C4.3	EXHIBITOR HALL
	General Lumps, Bumps, Bits and Bobs	Gynaecology Understanding the Uterus	Obstetrics Multifetal Pregnancy	Musculoskeletal Peripheral Nerves – Can U/S outshine MRI?	Cardiac The Profession of Cardiac Sonography	Philips	Siemens	Canon	GE	Mindray	ASA ARENA
9.00-9.10 AM 9.10-9.20 AM	Just put a probe on it Prof Adrian Lim	Consent in ultrasound examinations Mrs Paula Kinnane	Abnormal placentation and placenta accreta spectrum <i>Mrs Erika Cavanagh</i>	Upper limb nerves – Ultrasound vs MRI Mrs Sophie O'Brien	Quality improvement in the echo lab Dr Merri Bremer	PROFESSIONAL TOPICS Research from concept to completion Dr Steven Rogers	Mrs Lorna Hardiman	BREAST Breast elastography Mr Andrew Grant	VASCULAR Renal Doppler Mr Daniel Rae	MUSCULOSKELETAL Knee Mr Rob McGregor	Navigating the evolution of ultrasound in medicine
9.20-9.30 AM	Ultrasound of rheumatological diseases: What do general sonographers need to know? <i>Ms Robyn Boman</i>	The myometrium: Beyond fibroids Dr Kate Stone			Supervising the trainee sonographer Mr Tony Forshaw	-	& Mrs Mary Lin				
9.30-9.40 AM	Mucocele appendix – What's the onion skin sign? <i>Mr Ian Schroen</i>			Having the upper hand on nerves: A pictorial approach to scanning nerves of the upper limb <i>Ms Susan Diep</i>							
9.40-9.50 AM	Bowel ultrasound – Collitis	Dysfunctional uterine bleeding	Doppler and innovative vascular	Femoral nerve and its branches		BREAK					
9.50-10.00 AM	Ms Grace Eccles	Ms Sue Drinic	assessment in multifetal pregnancy Dr Laura Gerhardy	Dr Michelle Fenech	Reproducibility and callibration in the echo lab	GENERAL Contrast-enhanced ultrasound of the	PROFESSIONAL TOPICS Sonographer ergonomics: Scanning	CANON The use of new and emerging	MUSCULOSKELETAL Paediatric MSK	OBSTETRICS First trimester cardiac screening	
10.00-10.10 AM	Al in thyroid ultrasound Ms Louise Worley Mrs Rowena Gibson	Placental cord insertion migration: Implications for ultrasound documentation and follow-up of abnormal placental cord insertion site <i>Ms Samantha Ward</i>	Forearm nerve entrapment Dr Damon Jeetoo	Dr Faraz Pathan	liver: A practical guide Mrs Jane Keating	considerations Dr Merri Bremer	technology in breast ultrasound Prof Adrian Lim	Ms Natasha Roussel	Mrs Vanessa Pincham		
10.10-10.20 AM			A rare case of type 3 vasa previa Mr Shane Bowden								
10.20-10.30 AM	Q&A Session	Q&A Session	Q&A Session	Q&A Session	Q&A Session						
10.30-11.15 AM	MORNING TEA										
	Musculoskeletal Sports Injuries – The elite athlete and the weekend warrior	Vascular Advanced Practice	Paediatrics The Challenges	Professional Topics Breaking Barriers	Cardiac 3D and Contrast	Philips	Siemens	Canon	GE	Mindray	ASA ARENA
11.15-11.25 AM 11.25-11.35 AM	Top 10 sports injuries <i>Mr Aaron Fleming</i>	The role of the interventional vascular scientist <i>Mr Gurdeep Jandu</i>	Paediatrics and paddocks: Challenges of paediatric ultrasound in outback Australia <i>Ms Angela Currey</i>	An update on regulation: Overcoming the current impasse Dr Tony Coles	Cardiac structure and function of Australian jockeys differs to the general population: An observational cross- sectional study <i>Mrs Angela Farley</i> 3D of the mitral valve	VASCULAR The how, why and what of scanning peripheral leg arteries Mrs Donna Oomens	OBSTETRICS Third trimester cardiac imaging Mrs Erika Cavanagh	MUSCULOSKELETAL Neuropathies of the ankle and foot Mr Phillip Jones	GYNAECOLOGY Implementing IOTA into practise <i>Dr Jennifer Alphonse</i>	PROFESSIONAL TOPICS Probe movement language Ms Suean Pascoe	Leaving a legacy: Making an impact in your profession
11.35-11.45 AM	Would you like some cortisone with that? <i>Mr Rob McGregor</i>	Endovascular arteriovenous fistula creation: A new treatment <i>Dr Richard Allan</i>	Paediatric tumours Mr Gregory O'Conner	Diverse minds, effective communication: Improving the journey for the neurodivergent Mrs Myra Theisz	Dr Rebecca Perry						
11.45 - 11.55 AM			Dysmorphology screen – Is cranial ultrasound useful?	Breaking barriers: Addressing the underrepresentation of women in leadership roles in Australian radiology	3D echo for left ventricular assessment Prof Timothy Tan	-					
			Ms Ilona Lavender	Mrs Aarti Bajaj							
11.55-12.05 PM	Describing muscle tears	Tomographic ultrasound	Hip dysplasia and ultrasound: Where to	Mrs Aarti Bajaj Inclusive communication – Breaking	-	BREAK					
11.55-12.05 PM 12.05-12.15 PM	Describing muscle tears Dr Damon Jeetoo	Tomographic ultrasound Dr Steven Rogers		Mrs Aarti Bajaj	Contrast for left ventricular opacification Mr Tony Forshaw	OBSTETRICS Advanced second trimester fetal	MUSCULOSKELETAL Hip ultrasound – Beyond trochanteric burstiis			OBSTETRICS 'Don't be half-hearted' – A lesson in fundamental fetal heart views	
12.05-12.15 PM 12.15-12.25 PM			Hip dysplasia and ultrasound: Where to from here?	Mrs Aarti Bajaj Inclusive communication – Breaking barriers and improving health outcomes for people with intellectual disability		OBSTETRICS					
12.05-12.15 PM 12.15-12.25 PM 12.25-12.35 PM	Dr Damon Jeetoo Achilles rupture Dr Michelle Fenech	Dr Steven Rogers Paediatric vascular Mr Nathan Campbell	Hip dysplasia and ultrasound: Where to from here? <i>Mr Cain Brockley</i> Case Review: Persistance required <i>Ms Kobe Pettersen</i> The KKIND Project: Keeping Kids In No	Mrs Aarti Bajaj Or Inclusive communication – Breaking barriers and improving health outcomes for people with intellectual disability Mrs Natalie Graham and Ms Olivia Sidhu Just in a different way Miss Aimee Fisher	Mr Tony Forshaw	OBSTETRICS Advanced second trimester fetal heart	Hip ultrasound – Beyond trochanteric bursitis	Neck pathologies, lymph nodes, neck levels and salivary glands	Paediatric ultrasound - the perfect storm!	'Don't be half-hearted' – A lesson in fundamental fetal heart views	
12.05-12.15 PM 12.15-12.25 PM	Dr Damon Jeetoo Achilles rupture	Dr Steven Rogers Paediatric vascular	Hip dysplasia and ultrasound: Where to from here? <i>Mr Cain Brockley</i> Case Review: Persistance required <i>Ms Kobe Pettersen</i>	Mrs Aarti Bajaj Inclusive communication – Breaking barriers and improving health outcomes for people with intellectual disability Mrs Natalie Graham and Ms Olivia Sidhu Just in a different way		OBSTETRICS Advanced second trimester fetal heart	Hip ultrasound – Beyond trochanteric bursitis	Neck pathologies, lymph nodes, neck levels and salivary glands	Paediatric ultrasound - the perfect storm!	'Don't be half-hearted' – A lesson in fundamental fetal heart views	

Paediatrics

PROGRAM DAY 3 – SUNDAY 2 JUNE 2024 Information is correct at time of publication, however is subject to change without notice. Check the conference App for the most up to date copy of the program.

Obstetrics Breast

8.30-9.00 AM	REGISTRATION									
LECTURE ROOMS						MASTERCLASSES				
	C4.1	C4.5	C4.11	C4.6	C3.2	Room C4.4	Room C4.9	Room C4.10	Room C4.8	Room 4.3
	Vascular Syndrome Sunday	Obstetrics Fetal Neurosonography	Paediatrics The Weird & Wonderful	Professional Topics Inspirational Matters	Cardiac Cardiomyopathies	Philips	Siemens	Canon	GE	
9.00-9.10 AM	Abdominal veins – Compression syndromes Mr Peter Sharman Popliteal entrapment syndrome Ms Deb Coghlan	1st trimester neurosonography Assoc Prof Andrew McLennan	Contrast imaging Dr Tom Watson	Perserverance pays off Ms Erin Laird	Dilated cardiomyopathies Dr Anita Boyd	MUSCULOSKELETAL MASTERCLASS	MUSCULOSKELETAL MASTERCLASS	VENOUS INSUFFICIENCY MASTERCLASS	PELVIC FLOOR MASTERCLASS Prof Hans Peter Dietz	CLINICAL SUPERVISORS MASTERCLASS
9.10-9.20 AM						Work the problem Mr Michael Foster-Greenwood	Wrist Dr Michelle Fenech	Unveiling the hidden culprit: Non- saphenous reflux		Ms Sarah Beadle Ms Carolynne Cormack Mr Chris Sykes Ms Jane Wardle
9.20-9.30 AM		What do you think? Insights into the second and third trimester fetal brain	Interesting cases Mrs Erin Geeves	Tropical sonography: The views from up here Mrs Sarah Baxter				Mr Gaorui Liu		
9.30-9.40 AM		Dr Kathryn Graham	WIS LITT OCCUES	mis ouran baxter						
9.40-9.50 AM		Congenital fetal infection – What sonographers need to know	Interoperative ultrasound Dr Tom Watson	Educational challenges when training sonographers in developing nations	pertrophic cardiomyopathies Anita Bovd	-				
9.50-10.00 AM	Mr Greg Curry	Mrs Erika Cavanagh	Di Tomi watson	Mrs Catherine Scott & Mr Patrick Nielson						
10.00-10.10 AM		Collaborative approach to the fetal brain Miss Joyce Chen		Professional networking Mrs Christina Farr	Live scanning Advanced cardiomyopathy scanning Ms Paula Brown					
10.10-10.20 AM			Ms Glenda McLean							
10.20-10.30 AM	Q&A Session	Q&A Session	Q&A Session	Q&A Session	Q&A Session					
10.30-11.25 AM	MORNING TEA									
	General Men's Health	Gynaecology Infertility Insights	Musculoskeletal Limb – Extension	Obstetrics Third Trimester	Cardiac Congenital Heart Disease	Philips	Siemens	Canon	GE	
11.30-11.40 AM		Now you see it, now you don't – The robotic excision of rectosiamoid endometriosis	Quadriceps assessment and injury grading Mr Aaron Fleming	Simplifying cervical length screening – What you need to know, do and avoid	Echo assessment ASD Mr Michael Savari	ABDOMINAL VEINS MASTERCLASS Mr James Maunder	PAEDIATRIC GUT & IBD MASTERCLASS Dr Kunal Thacker, Ms Kerry Benson & Mrs Lorna Hardiman	BREAST MASTERCLASS Dr Adrian Lim	MUSCULOSKELETAL MASTERCLASS Work the problem <i>Mr Michael Foster-Greenwood</i>	
11.40-11.50 AM		Dr Lauren Hofmann	, in the control of the second se	Dr Kate Russo						
11.50 AM-12.00 PM		Endometriosis/DIE/pelvic pain assessment – A collaborative approach	Rotator cuff interval Dr Damon Jeetoo	Unveiling the hidden lifeline: Navigating fetal umbilical cord abnormalities in U/S	Percutaneous shunt closure procedures Mrs Rachael Hellver					
12.00-12.10 PM		Dr Kate Stone		imaging Dr Kathryn Graham						
12.10-12.20 PM		Infertility and how advanced gynaecological ultrasound supports the IVF journey	My MSK struggles Mr Aaron Fleming	Fetal growth restriction and uteroplacental dysfunction	Echo assessment VSD Miss Nina Pangilinan					
12.20-12.30 PM		Dr Jennifer Alphonse	wii Aaron i Tellilliy	Mrs Erika Cavanagh	INISS INITA F di Igiti i di I					
12.30-12.40 PM	BPH and prostate ca – What's new? Dr Kris Rasiah	Fertility assessment and assisted conception – What do I need to know and what should I image?	Enhancing MSK ultrasound with shear wave elastography	Garrett's legacy: Assessment of the placenta by ultrasound	Live scanning Assessing the intraventricular septum					
12.40-12.50 PM		Mrs Vanessa Pincham	Miss Jacqui Roots	Dr Lynn Townsend	Ms Amy Clark					
12.50-12.55 PM	Q&A Session	Q&A Session	Q&A Session	Q&A Session	Q&A Session					
1.00-1.30 PM CLOSIN	IG PLENARY AND CONFERENCE CLOSE
