## Company Invitation

Dear Colleagues,

We are excited to welcome you to the 2026 Victorian Section Meeting of the Urological Society of Australia and New Zealand (USANZ). This year, under the theme “**The New Robotics – Learnings from Fellowship Locally and Abroad**”, we invite you to join us as we explore new frontiers in robotic surgery, the advancement of which has always been a strength of our urological community. We intend to further progress our discovery and application of robotic techniques as more and more centres across Victoria introduce this technology for the first time.

The 2026 meeting will be held at The Events Centre, Collins Square, a centrally located venue with easy access via all modes of transport. The meeting program will facilitate collaborative discussions on robotic surgery at all phases of its use, whether being introduced for the first time in a hospital network or for those wishing to extend the scope of their robotic programs. We will incorporate our nursing meeting to run simultaneously with the main meeting, and we will also include as a dedicated joint session with our nursing colleagues and trainees.

Following on from the educational agenda for the day, we will be hosting a dinner on Friday night for both delegates, their partners and the major sponsors. If you would like an additional opportunity to network with delegates in a relaxed setting outside the exhibition, we recommend supporting the meeting as a major or primary sponsor.

We would like to thank our sponsors and the RACS organising team for their support of this event. Their contribution plays a vital role in making this experience possible and in showcasing our wonderful city to delegates from across the industry.

We welcome you to join us as a sponsor or exhibitor in creating a memorable and impactful event for all attendees.

Best wishes,

**Dr Munad Khan**  
*Urology Program Co-Convener*

**Professor Damien Bolton**
