Issue 18 – The Learning Journey Continues

DEAR FRIENDS AND COLLEAGUES,

This weekend saw the conclusion of the Asian Pacific Society of Cardiology Virtual Meeting 2021.

The Organizing Committee would like to thank our colleagues from around the world who have graced the meeting with their participation. The meeting was also honoured by major international partners including the American College of Cardiology, and the European Society of Cardiology and the World Heart Federation which had contributed to the success of the meeting.

Topics covering the entire spectrum of cardiology (prevention, imaging, arrhythmias, heart failure, intervention and much more) by international experts were delivered as state-of-the-art lectures and symposia with ample time for panel discussions. Our esteemed speakers across 3 continents joined us to present the latest in cutting-edge cardiovascular science. Young investigators were also given opportunities to present their research papers.

ESC/APSC Joint Symposium

ACC/APSC Joint Symposium

WHF/APSC Joint Symposium

The recordings of all the sessions for APSC 2021 will remain accessible till 31 October 2021. Participants who have missed some sessions may login to watch the recordings as Video of Demand.

REGISTER TO WATCH VIDEOS ON DEMAND

If you have missed the virtual meeting, you may register to watch the videos on demand till 31 October 2021.
