APSC BUSAN 2025

29TH ASIAN PACIFIC SOCIETY OF CARDIOLOGY CONGRESS

Annual Spring Scientific Conference of The KSC with Affiliated Cardiac Societies

THURSDAY, 17 APRIL 2025

Rooms: Room 103 | Room 104 | Room 107 | Room 109 | Poster Zone

0800-0920

Room 103 — Conjoint Session 1
Bangladesh Cardiac Society; Cambodian Heart Association; Hong Kong College of Cardiology
Challenges of Acute STEMI Care in Asian countries
Chairpersons: AKM Mohibullah, Bangladesh; Bryan Yan, Hong Kong
Panelists: Liv Chinh, Cambodia; Guang-Ming Tan, Hong Kong; Abdul Wadud Chowdhury, Bangladesh
- Cases based illustrations on advanced use of MCS in cardiogenic shock — *Karen Shek, Hong Kong*
- Considerations in Managing Dyslipidaemia in Very High Risk ACS Patients: the Hong Kong Perspective — *Guang-Ming Tan, Hong Kong*
- Choice of Thrombolytics in Acute STEMI in developing countries - Should we balance between efficacy and cost — *Abdullah Al Shafi Majumder, Bangladesh*
- Pharmaco-invasive strategy for acute STEMI care - A win win solution — *Afzalur Rahman, Bangladesh*
- Thrombus management in STEMI with late presentation — *Samrany SAN, Cambodia*
- LM PCI in STEMI with cardiogenic shock — *Rithy Khuon, Cambodia*

Room 104 — European Exam in Core Cardiology Preparatory Course (EECC) [0900-1530]
Faculties: Bryan Yan, Hong Kong; Makhyan Jibril, Indonesia; Novi Yanti Sari, Indonesia; Wishnu Aditya, Indonesia; Raja Ezman Raja Shariff, Malaysia; Jie-Sheng Foo, Singapore; Jonathan Yap, Singapore; Tee Joo Yeo, Singapore; Upul Wickramarachchi, Sri Lanka; Jiun-Ruey Hu, USA
- Introduction — *Jonathan Yap, Singapore*
- Pre-Test *Chris Plummer, UK*
- Introduction to the EECC — *Chris Plummer, UK*
- Management of Acute Coronary Syndrome: All you need to know — *Upul Wickramarachchi, Sri Lanka*
- Latest updates in Atrial Fibrillation — *Makhyan Jibril, Indonesia*
- Aortic valve disease: A primer — *Jiun-Ruey Hu, USA*
- Overview of Mitral valve disease — *Jiun-Ruey Hu, USA*
- Latest in pulmonary embolism — *Bryan Yan, Hong Kong*
- Updates in pulmonary hypertension — *Novi Yanti Sari, Indonesia*
- ASD/VSD/PDA: A primer — *Jie-Sheng Foo, Singapore*
- Clinical updates in management of HFrEF — *Novi Yanti Sari, Indonesia*
- HOCUM and amyloidosis — *Raja Ezman Raja Shariff, Malaysia*
- A career in cardiology: Dealing with the unknown *Wishnu Aditya, Indonesia*
- Managing diabetes in 2025 — *Tee Joo Yeo, Singapore*
- Managing hyperlipidemia in 2025 — *Tee Joo Yeo, Singapore*
- Review of Pretest, Q&A

Room 107 — World Heart Federation and Lancet Regional Health Roundtable [0800-1300]
Faculties: Jack Tan, Singapore; Kyung-Woo Park, Korea; Anwar Santoso, Indonesia; Azhari Rosman, Malaysia; Natalie Koh, Singapore
- Welcome — *Kyung-Woo Park, Korea; Jack Tan, Singapore*
- Setting the Stage: Key Trends and Challenges in CVD
- Stories of Impact and Success in CVD Programme Implementation *Cai Jie*
  Panelists: Anwar Santoso, Indonesia; Azhari Rosman, Malaysia; Natalie Koh, Singapore"
- Scaling Success in CVD Prevention and Treatment
- Breakout Discussion 1: Regional-level actions to encourage implementation of success stories in other countries
- Report Out from Breakout Discussion 1
- Breakout Discussion 2: Identifying opportunities
- Report Out from Breakout Discussion 2
- Actionable Next Steps & Collaboration
- Opportunities
- Closing Remarks & Takeaways

Room 109 — Mastering 3D Echo in Structural Heart Diseases Workshop [0820-1610]
Convenor: Mefri Yanni, Indonesia
Faculties: Ewe See Hooi, Singapore; Ignasius A Jappar, Singapore; Rina Ariani, Indonesia; Geu-Ru Hong, Korea; Sung-Ji Park, Korea; Dong-Hyuk Cho, Korea; Kang Un Choi, Korea; Jun-Bean Park, Korea; Dae-Hee Kim, Korea
- Opening Remarks and Introduction — *Mefri Yanni*

Basic 3D Echo
- Orientation in the 3D dataset / cropping tools / data set optimization, artifacts and how to avoid them — *Jun-Bean Park*
- 3D Echo Acquisition for Left Heart Chamber Quantification — *Dae-Hee Kim*

Hands-on Session
- Knobology of 3D echocardiography and Hands-on on workstation equipped with pre-recorded 3D TTE/TOE cases
- Orientation in the 3D dataset/cropping tools/data set optimization, artifacts and how to avoid them
- Left ventricular quantification
- Atrial quantification — *Kang Un Choi, Jun-Bean Park, Dae-Hee Kim*
- 3D Echo Acquisition for Right Chamber Quantification — *Sung-Ji Park*
- 3D Echo in Adult Congenital Heart Diseases for Structural Intervention, focused on Interatrial Septal Assessment — *Rina Ariani*

Hands-on Session
- Right Ventricle Quantification
- Interatrial and Interventricular Septal Assessment — *Sung-Ji Park, Rina Ariani*

3D Echo for the Aortic Valve
- Anatomical assessment and key information for surgical and percutaneous procedures — *Geu-Ru Hong*

Hands-on Session
- Hands-on on workstation equipped with pre-recorded 3D TOE cases : anatomical orientation in the 3D dataset, 3D echo for percutaneous procedures on aortic valve — *Geu-Ru Hong, Dong-Hyuk Cho*

3D Echo for the Mitral Valve
- Anatomical assessment and key information for surgical and percutaneous procedures — *Ewe See Hooi*

3D Echo for the Tricuspid Valve
- Anatomical assessment and key information for surgical and percutaneous procedures — *Ignasius A Jappar*

0920-0940
Room 103 — Coffee Break

0940-1100

Room 103 — Conjoint Session 2
Myanmar Cardiac Society; Mongolian Society of Cardiologists
Implementation Of Atrial Fibrillation Guidelines
Chairpersons: NweNwe, Myanmar; Mungun-Ulzii Khurelbaatar, Mongolia
Panelists: Win Thaw, Myanmar; Khin Maung Win, Myanmar; Purevjav Mendsaikhan, Mongolia
- The essential management of co-morbidities in AF — *Yin Nwe Tun, Myanmar*
- Rhythm control in AF: Obstacles for following guidelines — *Thet Lel Swe Aye, Myanmar*
- Adherence to the "Atrial better care" pathway in patients with atrial fibrillation: Mongolia situation — *Saruul Tseveendee, Mongolia*
- Evolving changes of the use of oral anticoagulants and outcomes in patients with AF — *Namkhaidorj Tserengombo, Mongolia*

1100-1220

Room 103 — Conjoint Session 3
National Heart Association of Malaysia; American Heart Association; The Cardiothoracic Society of Papua New Guinea
Diabetes Cardiometabolic
Chairpersons: Noah Tapaua, Papua New Guinea; Alan Fong, Malaysia
Panelists: Yen-Wen Wu, Taiwan; Chim Lang, Malaysia; Raja Ezman Raja Shariff, Malaysia
- Cardiometabolic syndrome in developing countries – The newpandemic — *Stanley Malen, Papua New Guinea*
- Diabesity as the greatest modern risk factor for advanced CAD — *Kok-Han Chee, Malaysia*
- The Need to Start Early in Cardiometabolic Disorders: Concepts in Primordial and Pre-primordial Prevention — *Salim Virani, Pakistan*
- Intervention in for the pre-diabetes – A window of opportunity — *Arvin Kafu, Papua New Guinea*

1230-1320

Room 103 — ESC Congress Hotlines 2024 Scientific Session [1230-1325]
Chairpersons: Jack Tan, Singapore; Emeline Van Craenenbroeck, Belgium
Panelists: Ung Kim, Korea; Junya Ako, Japan; Jayanthi Jayawardena, Sri Lanka
- Beta blocker interruption in patients with prior myocardial infarction: results of the ABYSS trial and effect on blood pressure and heart rate control — *James Cai, Singapore*
- EPIC-CAD - Edoxaban monotherapy vs. dual antithrombotic therapy for atrial fibrillation and stable coronary artery disease — *Mohsin Ahmed, Bangladesh*
- Finerenone in Heart Failure and Chronic Kidney Disease with Type 2 Diabetes: the FINE-HEART Pooled Analysis of Cardiovascular, Kidney, and Mortality Outcomes — *Toshihisa Anzai, Japan*

Room 104 — Daiichi Sankyo Scientific Session
Chairperson: Gi-Byoung Nam, Korea
- Antithrombotic Therapy for Atrial Fibrillation and Stable Coronary Artery Disease — *Min-Soo Cho, Korea*

1325-1445

Room 103 — Conjoint Session 4
Indonesian Heart Association; Japanese Circulation Society
How Asia Pacific Has Evolved And Specialized In Managing Adult Congenital Heart Disease
Chairpersons: Oktavia Lilyasari, Indonesia; Teiji Akagi, Japan
Panelists: Sisca Natalia Siagian, Indonesia; Oktavia Lilyasari, Indonesia; Teiji Akagi, Japan; Hidekazu Ishida, Japan
- Stenting the Future: How to Break Through RVOT Obstruction in Adults? — *Radityo Prakoso, Indonesia*
- Shunts in Simple Defects: Cutting-Edge Catheter Techniques for ACHD — *Yovi Kurniawati, Indonesia*
- Sudden Cardiac Death: The Hidden Dangers in Adult Congenital Heart Disease — *Kumiyo Matsuo, Japan*
- United for Heart Health: The Power of Multidisciplinary Teams in ACHD Care — *Ayako Ishikita, Japan*

Room 107 — Conjoint Session 7
Taiwan Society of Cardiology; Asian Pacific Society of Interventional Cardiology; Society for Cardiovascular Angiography & Interventions
Novel Percutaneous Techniques
Chairpersons: I-Chang Hsieh, Taiwan; Michael Lee, Hong Kong
Panelists: Kwan Lee, USA; Tien-Ping Tsao, Taiwan; Khung-Keong Yeo, Singapore; Chien-Yi Hsu, Taiwan
- MCS in CHIP — *Jonathan Sung, Hong Kong*
- Supersaturated Oxygen Therapy in STEMI — *Kwan Lee, USA*
- Coronary calcification treatment — *Yu-Cheng Kao, Taiwan*
- ISR treatment, DES or DCB — *Ching-Chang Huang, Taiwan*

Poster Zone — Moderated Poster I [1430-1500]
Poster Area (Level 1)
Judges: Jiesuck Park, Korea; Roger Foo, Singapore

1445-1500
Room 103 — Coffee Break | **Room 107 —** Coffee Break

1500-1620

Room 103 — Conjoint Session 5
The Heart Association of Thailand; Philippine Heart Association
Rheumatic Heart Disease
Chairpersons: Kasem Ratanasumawong, Thailand; Rodney Jimenez, Philippines
Panelists: Smonporn Boonrayatavej, Thailand; Rungsrit Kanjanavanit, Thailand; Walid Amil, Philippines; Lourdes Ella Santos, Philippines
- Update on Medications . Transcatheter Interventions — *Aurora Gamponia, Philippines*
- Long term sequalae and complications — *Nithima Ratanasit, Thailand*
- Multivalvular rheumatic heart disease — *Rungsrit Kanjanavanit, Thailand*
- Disease Burden and Epidemiology in Asia Pacific Region — *Juliet J Balderas, Philippines*
- Recent research on rheumatic heart disease — *Smonporn Boonrayatavej, Thailand*

Room 104 — Oral Presentation I [1530-1625]
Judges: Yong-Gu Lee, Korea; Quang Ngoc Nguyen, Vietnam
- PGHD Transfer from SNS to EMR: Enhancing Patient and Staff Experience in Cardiology Clinics — *Eun Joung Choi, Korea*
- Early Results Of Minimally Invasive Approach For Frozen Elephant Trunk Treating Complex Aortic Disease — *An Nguyen Thai, Viet Nam*
- Impact Of Coronary Artery Disease Patterns Assessed With Pullback Pressure Gradient On Post-PCI Outcomes — *Adrian Bednarek, Poland*
- Endovascular Repair of Thoraco-Abdominal Aortic Aneurysms with Severely Calcified Iliac Access in Acute Coronary Syndrome — *Van Duy Le, Viet Nam*
- Lipoprotein(a) And Interleukin-6 As Potential Predictors Of Long-Term Survival After TAVI — *Grzegorz Procyk, Poland*
- Blood Pressure Reduction at Discharge Following Renal Denervation Predicts Long-Term Outcomes: insights from Taiwanese Registry *Li-Chih Wu, Taiwan*
- Combined SGLT2-Inhibitors And GLP-1 Receptor Agonists: Impact On Frailty Outcomes In HFpEF Patients With Obesity/ Diabetes — *Thi-Quynh Trang Tran, Taiwan*

Room 107 — Conjoint Session 8
The Korean Society of Cardiology; Emirates Cardiac Society; Cardiac Society of Australia and New Zealand; Asia Pacific Cardio Metabolic Consortium
Strategies For Early Detection And Treatment Of Subclinical Atherosclerosis
Chairpersons: Mayanna Lund, New Zealand; Khung-Keong Yeo, Singapore
Panelists: Junghoon Lee, Korea; Wael Al Mahmeed, UAE; Natalie Koh, Singapore
- Coronary atherosclerosis as a risk stratification tool and a clinical trial endpoint — *Doo-Sun Sim, Korea*
- Current evidence on the role of statins for treatment of subclinical atherosclerosis — *Ki-Hong Choi, Korea*
- Lp(a) as a risk predictor and risk modifier – what is the evidence and state of art? — *Stephen Nicholls, Australia*

Cased-Based Discussions
How I incorporate CACS in my routine practice?
1. Asymptomatic patient with CAC=1000. What is next? Statins? Functional testing? Angiography? — *Stephen Nicholls, Australia*
2. Patient with elevated Lp(a) and CACS=0. What is next? — *Stephen Nicholls, Australia*
3. Symptomatic patient with CAC=0. Cath or no cath? — *Ho-Youn Won, Korea*

1625-1745

Room 103 — Conjoint Session 6
Asian Pacific Society of Cardiology; Asian Pacific Association of Echocardiography
Mitral valve Stenosis: Rheumatic versus Calcific
Chairpersons: Jae.K Oh, Korea
Panelists: Alex Lee, Hong Kong; Karen Yi-Ting Fan, Hong Kong
- Rheumatic Mitral Valve Stenosis: Epidemiology and Diagnosis — *Jose Donato Magno, Philippines*
- Calcific Mitral Valve Stenosis: How to evaluate its severity? — *Jae.K Oh, Korea*
- Transcatheter MV intervention for MS — *Kevin Kam, Hong Kong*

Room 104 — Women in Cardiology
Building a Women's Heart health Programme
Sex differences in approach to treatment of INOCA/ MINOCA
Chairpersons: Ruth Chen, Singapore
Panelists: Jeong-Eun Yi, Korea; Raja Ezman Raja Shariff, Malaysia; Mayanna Lund, Australia; Jayanthi Jayawardena, Sri Lanka
- Gender-Specific Approaches to CV risk factors and Chronic Coronary Syndromes — *Natalie Koh, Singapore*
- Building a Women's Heart health Programme: Insights from Go Red For Women, Pakistan — *Khalida Soomro, Pakistan*
- Women representation in Clinical trials and research and practical tips on recruitment of female patients — *Misato Chimura, Japan*
- Radiation hazards & protection: considerations for the female cardiologist — *Deborah Lee, Singapore*

Room 107 — Conjoint Session 9
Asian Pacific Society of Cardiology; International Society of Cardiovascular Pharmacotherapy
Heart Failure Pharmacotherapy You Should Know In Clinical Practice
Chairpersons: Alan Fong, Malaysia; Koji Hasegawa, Japan
Panelists: In-Cheol Kim, Korea; Siti Elkana Nauli, Indonesia; Doreen Tan, Singapore
- Heart failure pandemic: Epidemiology and phenotypes of heart failure in the world — *Bernard Cheung, Hong Kong*
- Guidelines and clinical evidence up-to-date for HFpEF and HFrEF — *Jong-Chan Youn, Korea*
- Shifting decongestion paradigm in treating acute decompensated heart failure — *Vebiona Kartini Prima Putri, Indonesia*
- The role of biomarkers in heart failure pharmacotherapy — *Moritake Iguchi, Japan*

FRIDAY, 18 APRIL 2025

Rooms: Room 103 | Room 104 | Room 107 | Room 109 | Podium Prime Time (Level 3) | Poster/ Workshop

0800-0920

Room 103 — Women Heart Disease
Symposium 1: Recognition Of Status Of CVD In Asian Women
Chairpersons: Mi-Seung Shin, Korea
Panelists: Hack Lyoung Kim, Korea; Hyun Ju Yoon, Korea; Khalida Soomro, Pakistan; Mungunchimeg Dagva, Mongolia
- Women Specific Risk Factors for CVD in Korea — *Seong-Mi Park, korea*
- Sex Differences in CVD-Related Hospitalization and Mortality in Japan — *Yayoi Tsukada, Japan*
- Characteristics of heart failure in Asian Women — *David Sim, Singapore*
- Sex and Racial Gap In CVD Clinical Trials — *Aileen Cynthia De Lara, Philippines*

Room 104 — Heart Failure 1
Symposium 2: What's New in Recent Heart Failure Guidelines? Gaps in Evidence
Chairpersons: Byung-Su Yoo, Korea; Godwin Leung, Hong Kong
Panelists: Ju-Hee Lee, Korea; Siti Elkana Nauli, Indonesia; Bambang Budi Siswanto, Indonesia
- Medical Treatment Update and Gaps in Evidence — *Yi-Heng Li, Taiwan*
- Co-morbidities Management Update and Gaps in Evidence — *Hyun-Jai Cho, Korea*
- Device Treatment Update and Gaps in Evidence — *Raja Ezman Raja Shariff, Malaysia*
- Surgical Treatment Update and Gaps in Evidence — *Yang Hyun Cho, Korea*

Room 107 — Late Breaking and Featured Clinical Research from Asia-Pacific I [0800-0930]
Chairpersons: Kyung-Woo Park, Korea; Junya Ako, Japan
- Edoxaban vs. edoxaban plus an antiplatelet agent in patients with atrial fibrillation and stable coronary artery disease: the EPIC-CAD trial — *Gi-Byoung Nam, Korea; Appraiser: Takayuki Warisawa, Japan*
- Intravascular ultrasound-guided versus angiography-guided percutaneous coronary intervention in acute coronary syndromes: the IVUS-ACS Trial — *Shao-Liang Chen, China; Appraiser: by Afzalur Rahman, Bangladesh*
- Clopidogrel Versus Aspirin For Long-term Maintenance Monotherapy In Patients With High Ischemic Risk After Percutaneous Coronary Intervention — *Joo-Yong Hahn, Korea; Appraiser: Yu-Chen Wang, Taiwan*
- Dual Antiplatelet Therapy After Coronary Stenting According to Bleeding Risk: the HOST-Bleeding Risk trial — *Hyo-Soo Kim, Korea; Appraiser: Kok-Han Chee, Malaysia*
- Efficacy and safety of EdoxabaN in anticoagulant therapy after surgical Bioprosthetic vALVe replacement: the ENBALV Trial — *Yoshiyasu Minami, Japan; Appraiser: Laszlo Gobolos, UAE*

Room 109 — Ischemic Heart Disease - MINOCA
Symposium 3: Important ACS Subcohorts In Asia - MINOCA And Smurfless
Chairpersons: Myung-Ho Jeong, Korea; Kasem Ratanasumawong, Thailand
Panelists: Sang-Min Kim, Korea; Hyuck-Jun Yoon, Korea; Isman Firdaus, Indonesia; Wen-Jone Chen, Taiwan
- Improving Invasive Diagnosis of Myocardial Ischaemia in Stable Patients — *Javier Escaned, Spain*
- How Do I Diagnose and Manage MINOCA Using Multimodality Imaging? — *Jang-Won Son, Korea*
- CAD and MI in the absence of SMuRFs- clinical characteristics and outcomes — *Richard Henry Tiongco, Philippines*
- SMuRFless MI- evidence-based management, clinical pathways, international registries — *Emily Tan, Malaysia*

Podium Prime Time — APSC Emerging Leaders' Session 1
Coronary Complications: Learning From Experience
Chairpersons: Jonathan Yap, Singapore; Jonathan Sung, Hong Kong
Panelists: Wishnu Aditya, Indonesia; Michael Lee, Hong Kong; Quang Ngoc Nguyen, Vietnam
- My most memorable coronary complication (Taiwan) — *Donna Lin, Taiwan*
- My most memorable coronary complication (Korea) — *Jee-Hoon Kang, Korea*
- My most memorable coronary complication (Japan) — *Yasushi Ueki, Japan*
- My most memorable coronary complication (Thailand) — *Purich Surunchupakorn, Thailand*
- My most memorable coronary complication (Indonesia) — *Faisal Habib, Indonesia*

0920-0940
Coffee Break

Podium Prime Time — Novartis Industry Prime Time [0920-0940]
Exploring Orion Trials — *Scott Wright, USA*

0940-1100

Room 103 — Preventive and General Cardiology - Issue of Lipid; LDL-chol, Lp(a), TG
Symposium 4: Latest Concepts In Lipidology
Chairpersons: Seung-Hwan Han, Korea; Siska Suridanda Danny , Indonesia
Panelists: Youngwoo Jang, Korea; Byung-Jin Kim, Korea; Lourdes Ella Santos, Philippines; Wael Al Mahmeed, UAE
- State of the art - LDLc reduction in primary and secondary prevention — *Sung-Jin Hong, Korea*
- TG, Lp(a) targets and strategies in primary and secondary prevention — *Khung-Keong Yeo, Singapore*
- Contemporary roles of PSCK9 inhibitors with and without statin — *Peter Collins, United Kingdom*
- What are our LDL targets for patients with subclinical CAD? — *Arintaya Phrommintikul, Thailand*

Room 104 — Heart Failure 2
Symposium 5: Advances In Targeted Therapy For Specific Cardiomyopathies
Chairpersons: Myeong-Chan Cho, Korea; Wen-Jone Chen, Taiwan
Panelists: Sung-Ji Park, Korea; Dae-Gyun Park, Korea; Tharanga Fernando, Sri Lanka; Sok Chour, Cambodia
- Fabry Cardiomyopathy — *Geu-Ru Hong, Korea*
- PPCM — *David Sim, Singapore*
- ATTR-CM — *Austin Yen-Hung Lim, Taiwan*
- HCM — *Glenn Rose Advincula, Philippines*

Room 107 — Echo & Imaging 1
Symposium 6: Hot Topics in Mitral Valve Disease in Asia
Chairpersons: Hae-Ok Jung, Korea; Ignasius Aditya Jappar, Singapore
Panelists: Dae-Hee Kim, Korea; See-Hooi Ewe, Singapore; Lizza Thomas, Australia; Kasem Ratanasumawong, Thailand
- Left Atrial Volume and Strain in Mitral Valve Disease *Iksung Cho, Korea*
- Atrial Functional MR: Rhythm Control or Valve Control — *Smonporn Boonrayatavej, Thailand*
- MR in Very Elderly: Medical treatment vs. TEER — *Alex Lee, Hong Kong*
- Bioprosthetic MV Dysfunction: From Risk Factors to Treatment — *Seo-Yeon Gwak, Korea*

Room 109 — Ischemic heart disease-AMI
Symposium 7: Hot Issues in Acute MI Management and Secondary Prevention Strategies in Asia
Chairpersons: Weon Kim, Korea; David Wei-Chun Huang, Taiwan
Panelists: Young-Joon Hong, Korea; Jang-Hoon Lee, Korea; Afzalar Rahman, Bangladesh; Vijay Harikisan Bang, India
- The Shorter, The Better? Antiplatelet Therapy in Asian AMIx — *Young-Hoon Jeong, Korea*
- The Lower, The Better? Optimal LDL-C Goal in Asian AMI — *Yu-Chen Wang, Taiwan*
- Thrombus aspiration in STEMI with high thrombus burden: Do or Don't? — *Sung Gyun Ahn, Korea*
- Unmet Need For New Treatments And Strategies To Identify And Treat Residual Risk — *Natalie Koh, Singapore*
- Clinical experience of Korea Acute Myocardial Infarction Registry — *Myung-Ho Jeong, Korea*

Podium Prime Time — APSC Emerging Leaders' Session 2
Practical Hot Topics In Heart Failure
Chairpersons: Atsushi Mizuno, Japan; Julian Loh Singapore
Panelists: Jen-Lim Chong, Malaysia; Novi Yanti Sari, Indonesia; Ruth Chen, Singapore; Tuan Dat Phan, Vietnam; Lauren Kay Evangelista, Philippines; Vebiona Kartini Prima Putri, Indonesia
- Managing the critically ill heart failure pt — *Ruth Chen, Singapore*
- Is there still a role for revascularisation in ischemic cardiomyopathy — *Tuan Dat Phan, Vietnam*
- Panel Discussion
- Optimising diuretics: Tips and Tricks — *Lauren Kay Evangelista, Philippines*
- Latest therapeutics in heart failure — *Vebiona Kartini Prima Putri, Indonesia*
- Panel Discussion

1110-1240
Opening & Convocation Ceremony | APSC Lifetime Achievement Award
Antonio-Samia Lecture *Wael Almahmeed, UAE*
Presidential Lecture Asians' optimal antiplatelet therapy after coronary stenting depending on bleeding risk *Hyo-Soo Kim, Korea*

1245-1340

Room 103 — Novartis Scientific Session
Lp(a): Not So "Little", The Hidden Heartbreaker
Moderators: Wael Al Mahmeed, UAE; Jang-Hoon Lee, Korea; Jack Tan, Singapore
- Lp(a): mandatory knowledge for a cardiologist — *Jang-Hoon Lee, Korea*
- Lp(a): how should it be tested and managed in 2025? — *Jack Tan, Singapore*

Room 104 — Menarini Scientific Session
Current Perspectives In Hypertension And Heart Failure: Guidelines, Trials, And Real-World Evidence
Chairperson: Krit Leemasawat, Thailand
- International guidelines: New developments in hypertension management — *Peter Collins, UK*
- SENIORS study in heart failure treatment: Have we understood it completely? — *Pham Manh Hung, Vietnam*
- BENEFIT: Real-world evidence of nebivolol in Korean patients with hypertension — *Shin Jinho, Korea*

Room 107 — Roche Scientific Session
Worsening Heart Failure : Are We Different In Asia Pacific?
Chairperson: Julian Loh, Singapore
- Implementing HF therapies - the "STRONG HF" way! — *Alexandre Mebazaa, France*
- Management of Worsening HF - An APSC consensus — *David Sim, Singapore*

Room 109 — Servier Scientific Session
Pressure Points - Navigating the best path for patients with hypertension
Chairpersons: Hae-Young Lee, Korea; Stefano Masi, Italy
- Pressure matters: Asian scenario on awareness and adherence rates — *Hae-Young Lee, Korea*
- RAAS Fact Check: when and why the choice makes all the difference — *Stefano Masi, Italy*
- Deep Diving into a curious case of clinical inertia in hypertension! — *Jose Donato Magno, Philippines*
- How can AI act as an enabler for enhancing adherence? — *Yi Zhang, China*

1340-1440

Room 103 — Basic Science
Symposium 8: Cutting Edge Of Basic Science On CVD
Chairpersons: Derek Hausenloy, Singapore; Chim Lang, Malaysia
Panelists: Chan-Soon Park, Korea; Elena Azizan, Malaysia
- Sigle cell analysis of heart failure — *Seitaro Nomura, Japan*
- Regeneration of hearts — *Hun-Jun Park, Korea*
- Genome-Wide screening by CRISPR — *Roger Foo, Singapore*
- Arrhythmia and heart failure — *Kuan-Cheng Chang, Taiwan*
- Launch of the ASia-Pacific CardIovascular REsearch (ASPIRE) Network — *Derek Hausenloy, Singapore*

Room 104 — EP-AI for diagnosis of arrhythmia
Symposium 9: AI For Diagnosis Of Arrhythmia
Chairpersons: Seil Oh, Korea; Yenn-Jiang Lin, Taiwan
Panelists: Hyoung-Seob Park, Korea; Jong-Il Choi, Korea; NweNwe, Myanmar; Hsiang-Chun Lee, Taiwan
- AI-ECG in Action: Clinical Trials and Future Perspectives at Tri-Service General Hospital — *Chin-Sheng Lin, Taiwan*
- Prediction of AF using AI from single-lead ECG during sinus rhythm — *Ki-Hong Lee, Korea*
- Predicting the prognosis of AF patients using AI ECG — *Yong-Soo Baek, Korea*
- Identification of SVT Mechanism using AI-ECG — *Colin Yeo, Singapore*

Room 107 — Adult Congenital Heart Disease 2
Symposium 10: The Last Hurdles In ACHD
Chairpersons: Woong-Han Kim, Korea; Kyu Kyu Soe, Myanmar
Panelists: Lucy Eun, Korea; Kenichiro Yamamura, Japan; Ghadeera Saeed Al Mansoori, UAE
- Pulmonary Hypertension in the setting of ACHD — *Ju-Le Tan, Singapore*
- Comprehensive imaging evaluation in ACHD after intervention- Time to redo intervention — *Oktavia Lilyasari, Indonesia*
- How to determine best time to list failing Fontan and What surgery to do? — *Han-Ki Park , Korea*
- Surgical challenges in transplantation for complex congenital heart disease — *Tae-Jin Yun, Korea*

Room 109 — Young Investigators' Award
Judges: Han-Mo Yang, Korea; Munguncḥimeg Dagva, Mongolia
- Consequences Of NAD-Deficient Heart And How To Prevent — *Khanh Van Doan, United States*
- Mitochondrial Aldehyde Dehydrogenase Dysfunction Predisposes Cardiomyocytes To HG-Induced Injury Through Changes In Mitochondrial Dynamics — *Chi-Cheng Huang, Taiwan*
- Catheter-Directed Ultrasound-Assisted Thrombolysis For Acute Pulmonary Embolism: A Comparative Analysis Of Hong Kong And Taiwan — *Wing Kwan Winky Lo, Australia*
- CYP2C19 Loss-Of-Function Polymorphisms And Risk For Adverse Cardiovascular Events After Successful Coronary Angioplasty — *Patrick Vera Cruz, Philippines*
- Efficacy and Safety of Myosin Inhibitors in Hypertrophic Cardiomyopathy - A Systematic Review and Meta-analysis — *Asher Yu-Han Ang, Singapore*
- The Determinant Analysis of Adverse Maternal and Neonatal Outcomes in Pregnancy with Pre-existing Heart Disease — *Rofila Karmia, Indonesia*

Podium Prime Time — Oral Presentation II [1340-1440]
Judges: Lucy Eun, Korea; Teiji Akagi, Japan
- Yangxinshi Tablet Exerts Dual Functions To Improve Myocardial Injury And Increase Skeletal Muscle Exercise Capacity — *Yang Li, China*
- Unraveling Atrial Remodeling in Pulmonary Arterial Hypertension Due to Idiopathic and Congenital Heart Disease — *Rengga Sebastian, Indonesia*
- A Neonatal Rat Model Of Progressive Left Ventricular Pressure Overload Induced By Abdominal Aortic Banding — *Zheng Wang, China*
- The Myth Of Lung Maturation Dominated By Increased Pulmonary Blood Flow And Its Clinical Implications — *Sixie Zheng, China*
- The Impact Of Steatotic Liver Diseases On Incident Diabetes Mellitus In Patients With Atrial Fibrillation — *Hyunho Ryu, Korea*
- The Correlation Of Anaerobic Threshold With Right Ventricle Myocardial Performance Index In Sedentary Male Adult — *Muhammad Kashani Mohd Kamil, Malaysia*
- Recurrent Venous Thromboembolism and Major Bleeding Events in Cancer Patients in the DOAC Era — *Yuki Ishizuka, Japan*

Poster/ Workshop — Tackling Coronary Complications: A Hands-on Practical Workshop Session 1 [1340-1740]
Studio Room 1

Poster/ Workshop — Moderated Poster II [1430-1500]
Poster Area (Level 1)
Judges: Hyo-Jeong Ahn, Korea; Ruth Chen, Singapore

1440-1500
Coffee Break

Podium Prime Time — Novartis Industry Prime Time [1440-1500]
The Critical Role of Lp(a) in ASCVD Management — *Dae-Young Cheon, Korea*

1500-1620

Room 103 — Preventive and General Cardiology - Obesity
Symposium 11: Update On The Epidemiology Of Hypertension In Asia
Chairpersons: Jinho Shin, Korea; Tzung-Dau Wang, Taiwan
Panelists: Il-Suk Sohn, Korea; Eun-Joo Cho, Korea; Minh Van Huynh, Vietnam
- What is the reason for the high BP control rate in Korea — *Hyeon-Chang Kim, Korea*
- Burden and challenges of hypertension in Indonesia — *Ario Soeryo Kuncoro, Indonesia*
- Role of home and ambulatory blood pressure monitoring in asia — *Tiong-Kiam Ong, Malaysia*
- Epidemiology of hypertension in South East Asia — *Jimmy Boon-Wee Teo, Singapore*

Room 104 — Heart Failure 3
Symposium 12: Controversies In The Treatment Of Advanced HF: HTx vs. LVAD
Chairpersons: Seok-Min Kang, Korea; Randy Hui-Beng Koh, Malaysia
Panelists: Sung-Ho Jung, Korea; Jin Oh Choi, Korea; Vebiona Kartini Prima Putri, Indonesia
- Elderly - HTx is better — *Michael Ka-Lam Wong, Hong Kong*
- Elderly - LVAD is better — *Soo-Yong Lee, Korea*
- CKD - HTx is better — *In-Cheol Kim, Korea*
- CKD - LVAD is better — *Masaru Hatano, Japan*

Room 107 — Echo & Imaging 2
Symposium 13: Common Dilemmas For Diagnosing Ischemic Heart Disease
Chairpersons: Yong-Jin Kim, Korea; Firas Al-Badarin, UAE
Panelists: Jae-Yeong Cho, Korea; Hyemoon Chung, Korea; Emily Tan, Malaysia; Misato Chimura, Japan
- Viability assessment in patients with ischemic cardiomyopathy — *Eui-Young Choi, Korea*
- Patients with intermediate coronary lesions on coronary CTA — *Thananya Boonyasirinant, Thailand*
- Stress Echocardiography – Is there a Future for the ABCDE Protocol? — *Dong-Hyuk Cho, Korea*
- Using CT and Nuclear Imaging to Predict Cardiovascular Risk — *James Cai, Singapore*

Room 109 — Intervention-Imaging & Physiology
Symposium 14: Updates In Coronary Imaging And Physiology
Chairpersons: Bon-Kwon Koo, Korea; Bryan Yan, Hong Kong
Panelists: Byeong-Keuk Kim, Korea; Young-Bin Song, Korea; Donna Lin, Taiwan; Yang Li, China
- Understanding coronary physiology: Hyperemic vs. Non-Hyperemic vs Angiography-derived FFR — *Narathip Chunhamaneewat, Thailand*
- Non-culprit lesion assessment in ACS: Role of physiology — *Takayuki Warisawa, Japan*
- Intravascular imaging in PCI: Routine vs selective? — *Jung-Min Ahn, Korea*
- Intravascular Imaging for procedural optimisation: Tips and Tricks — *Joo-Myung Lee, Korea*

Podium Prime Time — Menarini Prime Time
Nebilet in Focus: Evidence, Guidelines, and Patient-Centered Benefits [1500-1545]
- Advantages of Nebilet Based on Benefit Studies and Case Review — *Jong-Young Lee, Korea*
- Advantages of Nebilet Among 3rd Generation BB Based on Guidelines and Case Review — *Hae-Young Lee, Korea*
- Discussion: Unique Advantages of Nebilet and Characteristics of Patients Who Should Be Selected for Nebilet — *All*

Podium Prime Time — Daiichi Sankyo Prime Time [1545-1615]
Latest Insights Into AF Patients: A Focus on Edoxaban
Chairperson: Eue-Kuen Choi, Korea
- Latest insight into AF Patients: Focusing on Edoxaban — *Min-Soo Cho, Korea*

1620-1750

Room 103 — Preventive and General Cardiology - Hypertension
Symposium 15: Obesity And Cardiovascular Complication
Chairpersons: Ki-Chul Sung, Korea; Yoshio Kobayashi, Japan
Panelists: Jong-Young Lee, Korea; Jae-Hyeong Park, Korea; Alan Fong, Malaysia
- Why do we manage the patient with obesity ? (Definition, obesity related complications) — *Kok-Han Chee, Malaysia*
- The cardiovascular Benefit of anti-obesity drug — *Jin-Joo Park, Korea*
- Paradigm shift of obesity drug from old boys to new kids (mechanism of action and effect, cardiovascular complication) — *Jun-Hwa Hong, Korea*
- Bariatric and other non-pharmacological interventions for obesity — *Lourdes Ella Santos, Philippines*

Room 104 — Heart Failure 4
Symposium 16: Obesity And Heart Failure
Chairpersons: Dong-Ju Choi, Korea; Natalie Koh, Singapore
Panelists: Eung-Ju Kim, Korea; Chi-Young Shim, Korea; Tiong-Kiam Ong, Malaysia; Gamini Galappatthy, Sri Lanka
- Primer: Epidemiology of Obesity and HF — *Jong-Chan Youn, Korea*
- Obesity management for HF prevention — *Julian Loh, Singapore*
- Pathogenesis of Obesity and HF and role of Visceral Adiposity — *Chim Lang, UK*
- Novel Pharmacotherapy for Obese HF patients — *Darae Kim, Korea*

Room 107 — Echo & Imaging 3
Symposium 17: Emerging Challenges In Valvular Heart Disease
Chairpersons: Geu-Ru Hong, Korea; Smonporn Boonyaratavet, Thailand
Panelists: Sung-Ji Park, Korea; Seung-Pyo Lee, Korea; Ari Soeryo Kuncoro, Indonesia; Carmen Wing-Sze Chan, Hong Kong
- Prognostic significance of the H2FPEF score in patients with severe mitral regurgitation — *Hon Jen Wong, Singapore*
- Mixed Valve Disease: Challenges in Diagnosis and Optimal Timing for Intervention — *Jae.K Oh, Korea*
- Effects of Denosumab on Aortic Valve Calcification in Dialysis Patients — *Junya Nawata, Japan*
- Imaging for Valvular Complications of Transcatheter Intervention — *Ignasius Aditya Jappar, Singapore*
- Sex Differences in Aortic Valve Disease — *Amiliana M. Soesanto, Indonesia*
- Sex Differences in Mitral Regurgitation and Tricuspid Regurgitation — *Jun-Bean Park, Korea*

Room 109 — Intervention - CHIP
Symposium 18: CHIP: All You Need To Know
Chairpersons: Kiyuk Chang, Korea; Deborah Jin-Hyun Lee, Singapore
Panelists: Jin-Shin Koh, Korea; Byung-Hee Hwang, Korea; Bryan Yan, Hong Kong; Isman Firdaus, Indonesia
- CHIP outcomes: Regional and International Perspectives — *Ho Lam, Hong Kong*
- Mechanical Circulatory Support during CHIP-PCI — *Kwan Lee, USA*
- Advanced Calcium Modification Techniques: Rotablation, Orbital Atherectomy, and Lithotripsy — *Vijay Harikisan Bang, India*
- Dealing with CHIP complications — *Jung-Kyu Han, Korea*

1830-2030
Faculty Dinner (By Invitation Only)

SATURDAY, 19 APRIL 2025

Rooms: Room 103 | Room 104 | Room 107 | Room 109 | Podium Prime Time (Level 3)

0900-1020

Room 103 — EP-Atrial fibrillation: Prevention for stroke and ablation
Symposium 19: Atrial Fibrillation: Stroke Prevention And Ablation
Chairpersons: Eue-Keun Choi, Korea; Mungun-Ulzii Khurelbaatar, Mongolia
Panelists: Il-Young Oh, Korea; Chang-Hee Kwon, Korea; Makhyan Jibril, Indonesia; Satoshi Higuchi, Japan; Hsiang-Chun Lee, Taiwan
- The role of Atrial Fibrillation screening and appropriate management of subclinical Atrial Fibrillation — *Colin Yeo, Singapore*
- Clinical challenges and unmet needs in stroke prevention in the NOAC era — *NweNwe, Myanmar*
- Updates on catheter ablation of Atrial Fibrillation in patients with HFpEF — *Hee Tae Yu, Korea*
- Atrial Fibrillation burden and clinical outcomes after catheter ablation — *Yun-Gi Kim, Korea*

Room 104 — ESC@APSC 2025
Symposium 20: 2024 ESC Guidelines for the Management of Atrial Fibrillation and Chronic Coronary Syndromes
Chairpersons: Junya Ako, Japan; Michiel Rienstra, The Netherlands
Panelists: Ju-Youn Kim, Korea; Pow-Li Chia, Singapore; Ratna Mani Gajurel, Nepal
- 2024 ESC Guidelines for the Management of Atrial Fibrillation - Clinical case presentation — *Young-Soo Lee, Korea*
- Key messages of the 2024 ESC Guidelines for the Management of Atrial Fibrillation — *Michiel Rienstra, The Netherlands*
- Panel Discussion Guidelines implementation in Asia-Pacific
- 2024 ESC Guidelines for the Management of Chronic Coronary Syndromes - Clinical case presentation — *Hiroyuki Kiriyama, Japan*
- Key messages of the 2024 ESC Guidelines for the Management of Chronic Coronary Syndromes — *Emeline Van Craenenbroeck, Belgium*
- Panel Discussion Guidelines implementation in Asia-Pacific

Room 107 — Echo & Imaging 4
Symposium 21: Hypertrophic Cardiomyopathy From Diagnosis To Treatment
Chairpersons: Sang-Chol Lee, Korea; Raja Ezman Raja Shariff, Malaysia
Panelists: Jae.K Oh, Korea; Mi-Hyang Jung, Korea; Moon-Seung Soh, Korea; Mayanna Lund, New Zealand
- Diverse Faces in HCM, LV & Beyond the LV — *Tong Jie Li, Singapore*
- Role of Stress Echocardiography in HCM + Discussion — *Chi-Young Shim, Korea*
- What's New in Multimodal Imaging in HCM? CT/CMR/PET — *Elen Sahara, Indonesia*
- Current and Future Persepectives in Treating Obstructive & Non-obstructive HCM — *Inki Moon, Korea*

Room 109 — Intervention-Structural Intervention(AV)
Symposium 22: Latest Issues In TAVI
Chairpersons: Hyo-Soo Kim, Korea; Quang Ngoc Nguyen, Vietnam
Panelists: Cheol-Woong Yu, Korea; Sung-Soo Cho, Korea; Noah Tapaua, Papua New Guinea; Ying-Hwa Chen, Taiwan
- Choice of TAVR device for Younger patients with small annulus — *Jee-Hoon Kang, Korea*
- Antithrombotic management after TAVR — *Narathip Chunhamaneewat, Thailand*
- Valve durability after TAVR: Evidence and future innovations — *Jung-Min Ahn, Korea*
- Special considerations for TAVR in TAVR — *Jonathan Yap, Singapore*

Podium Prime Time — Case Presentation I [0900-1000]
Judges: Chan-Soon Park, Korea; Gary Gan, Australia
- Experience With Anifrolumab In The Treatment Of Pulmonary Arterial Hypertension In Stable Systemic Lupus Erythematosus — *Yoshihiro Dohi, Japan*
- Dual Drainage Of PAPVR With Pulmonal Hypertension: A Very Rare Case Diagnosed With CMR — *Ruthvi Adriana, Indonesia*
- The Silent Invader: Unraveling a Rare Case of Primary Cardiac Fibrosarcoma in a Young Female — *Nani Nani, Indonesia*
- Transesophageal Echocardiography Unveils Mechanical RCA Obstruction: Avoiding Ablation in Post-Aortic Valve Replacement Ventricular Arrhythmias — *Steven Wong Poh Hock, Malaysia*
- Takayasu Arteritis In A 41-Year-Old Male Presenting As Myocardial Infarction And Stroke: A Case Report — *Bayani Pocholo Maglinte, Philippines*

1020-1040
Coffee Break

Podium Prime Time — Novartis Prime Time [1020-1100]
LEQVIO as a Novel siRNA Therapy: Overcoming Adherence Challenges in LLT — *Seung-Hun Lee, Korea*

1040-1200

Room 103 — Late Breaking and Featured Clinical Research from Asia-Pacific II [1040-1210]
Chairpersons: Seung-Hyuck Choi, Korea; Jack Tan, Singapore
- Cardiovascular Risk Assessment in Asian Patients: the SCORE2-ASIA risk prediction algorithms — *Sofian Johar, Brunei; Appraiser: Tee Joo Yeo, Singapore*
- CRABL-HF - Cryoballoon vs. Radiofrequency Ablation of AF in Patients with Heart Failure — *Satoshi Higuchi, Japan; Appraiser: Yenn-Jiang Lin, Taiwan*
- Rosuvastatin versus atorvastatin in treatment of patients with CAD-the LODESTAR trial — *Byeong-Keuk Kim, Korea; Appraiser: Anwar Santoso, Indonesia*
- Ticagrelor vs. Clopidogrel in Bivalirudin-treated Patients with STEMI Undergoing Primary PCI: The BRIGHT-4 trial — *Yang Li, China; Appraiser: Ki-Hong Choi, Korea*
- The effect of Cangrelor on microvascular obstruction and infarct size in STEMI patients undergoing primary PCI: the PITRI trial — *Derek Hausenloy, Singapore; Appraiser: Guang-Ming Tan, Hong Kong*

Room 104 — ESC@APSC 2025
Symposium 24: 2024 ESC Guidelines for the Management of Hypertension and Aortic Diseases
Chairpersons: Alan Fong, Malaysia; John William Mcevoy, Ireland
Panelists: Gyu-Chul Oh, Korea; Richard Henry Tiongco, Philippines; Raj Kumar Sachdewani, Pakistan
- 2024 ESC Guidelines for the Management of Hypertension - Hypertension in Asia — *Tzung-Dau Wang, Taiwan*
- Key messages of the 2024 ESC Guidelines for the Management of Hypertension — *John William Mcevoy, Ireland*
- Panel Discussion Guidelines implementation in Asia-Pacific
- 2024 ESC Guidelines for the Management of Aortic Diseases - Clinical case presentation — *Smonporn Boonyaratavet, Thailand*
- Key messages of the 2024 ESC Guidelines for the Management of Aortic Diseases — *Julie De Backer, Belgium*
- Panel Discussion Guidelines implementation in Asia-Pacific

Room 107 — Echo & Imaging 5
Symposium 25: Brain And Heart Interaction: Imaging Risk Stratification
Chairpersons: Jong-Won Ha, Korea; Wael Al Mahmeed, UAE
Panelists: Sung-Hee Shin, Korea; Maria Jung-Hyun Choi, Korea; Tharanga Fernando, Sri Lanka
- Detection and Evaluation of Patent Foramen Ovale: Pitfalls and Tips — *Jae-Kwan Song, Korea*
- Non-bacterial Thrombotic Endocarditis in Cancer or Non-cancer Patients — *Jie-Li Tong, Singapore*
- LA Function Assessment for Stroke Prediction in AF and SR — *Gary Gan, Australia*
- Imaging for Pre- and Post LAA Occlusion — *Mefri Yanni, Indonesia*

Room 109 — Intervention-Structural intervention (MV&TV)
Symposium 26: Mitral And Tricuspid Interventions: New Frontiers
Chairpersons: Geu-Ru Hong, Korea; Khung-Keong Yeo, Singapore
Panelists: Joo-Yong Hahn, Korea; Kyung-Woo Park, Korea; Nadzir Juanda, Brunei
- Procedural tips and tricks of M-TEER — *Jee-Hoon Kang, Korea*
- Imaging of the tricuspid valve for T-TEER — *See-Hooi Ewe, Singapore*
- Minimally invasive surgical techniques for MV and TV disease — *Cheng-Hon Yap, Australia*
- Novel Devices for MV and TV Intervention — *Kevin Kam, Hong Kong*

Podium Prime Time — Menarini Prime Time [1100-1130]
Current Perspectives in Hypertension and Heart Failure: Expert insights and discussions
Chairperson: Krit Leemasawat, Thailand
- International guidelines: New developments in hypertension management — *Peter Collins, UK*
- SENIORS study in heart failure: Have we understood it completely? — *Manh Hung Pham, Vietnam*

Podium Prime Time — Daiichi Sankyo Prime Time [1130-1200]
Anticoagulation For Elderly Patients
Chairperson: Wen-Jone Chen, Taiwan
- Anticoagulation For Elderly Patients — *Yu-Sheng Lin, Taiwan*

1215-1310

Room 103 — Amgen Scientific Session
How To Reduce CV Risk In ASCVD Patients With Evolocumab
Chairperson: Jung-Sun Kim, Korea; Seung-Ho Hur, Korea
Panelists: Ju-Seung Kwun, Korea; Dae-Young Cheon, Korea
- ACT NOW ADD Evolocumab to Reduce CV Risk in ASCVD Patients — *Jung-Joon Cha, Korea*
- What Makes Evolocumab Different to Reduce CV Risk in ASCVD Patients? — *Gyu-Chul Oh, Korea*

Room 104 — Viatris Scientific Session
Cardiovascular-Kidney Metabolic Syndrome: The Vicious Cycle

Room 107 — Daiichi Sankyo/Daewoong Scientific Session
Achieving Optimal Outcomes for Patients with Cardiovascular Disease

Room 109 — JW Pharm Scientific Session
Optimizing Lipid Management: Strategies for Balancing Efficacy and Safety

Podium Prime Time — Novartis Prime Time [1200-1215]
RNA-based therapies in lipid lowering: What we know now — *Byeong-Keuk Kim, Korea*

1310-1430

Room 103 — EP-Ventricular tachycardia & Sudden cardiac death
Symposium 27: Ventricular Tachycardia & Sudden Cardiac Death
Chairpersons: Gi-Byoung Nam, Korea; Jiunn-Lee Lin, Taiwan
Panelists: Yoo-Ri Kim, Korea; Young-Sin Lee, Korea; Sanjay Tyagi, India; Satoshi Higuchi, Japan
- Roles of genetics testing for evaluation of cardiomyopathies — *Jaewon Oh, Korea*
- Roles of imaging for VT mapping and ablation — *Colin Yeo, Singapore*
- Update on mapping techniques of VT in ischemic cardiomyopathy — *Kyoung-Min Park, Korea*
- Update on mapping techniques of VT in non-ischemic cardiomyopathy — *Yuki Komatsu, Japan*

Room 104 — Cardio-Oncology
Symposium 28: Cardio-Oncology In The Asia Pacific
Chairpersons: Il-Suk Sohn, Korea; Yen-Wen Wu, Taiwan
Panelists: Eun-Kyoung Kim, Korea; Jong-Chan Youn, Korea; Maria Katrina Cruz-Tan, Philippines; Charlie Chung-Lieh Hung, Taiwan
- Cardio-Oncology in Korea — *Iksung Cho, Korea*
- How to start a cardio-oncology society — *Issei Komuro, Japan*
- Cardio-Oncology in Singapore — *Choon-Ta Ng, Singapore*
- Cardio-Oncology in Indonesia — *Novi Yanti Sari, Indonesia*

Room 107 — Echo & Imaging 6
Symposium 29: Multimodality Imaging For Pheotyping Non-ischemic Cardiomyopathies
Chairpersons: Goo-Yeong Cho, Korea; Firas AL Badarin, UAE
Panelists: Dong-Hyuk Cho, Korea; Hyun-Jung Lee, Korea; Misato Chimura, Japan; Gamini Galappatthy, Sri Lanka
- Suspected Cardiac Sarcoidosis: CMR is the first test — *In-Cheol Kim, Korea*
- Suspected Cardiac Sarcoidosis: PET is the first test — *Firas AL Badarin, UAE*
- All Patients with Severe AS Should be Screened for ATTR Amyloidosis: Pro — *Darae Kim, Korea*
- All Patients with Severe AS Should be Screened for ATTR amyloidosis: Cons — *Lauren Kay Evangelista, Philippines*

Room 109 — Aorta and Peripheral Artery Disease
Symposium 30: Hot Topics In Aortic And Peripheral Artery Disease
Chairpersons: Donghoon Choi, Korea; Kenny Sin, Singapore
Panelists: Chang-Hwan Yoon, Korea; Dae-Hee Kim, Korea; Bryan Yan, Hong Kong; Quang Ngoc Nguyen, Vietnam
- Guideline updates on management of PAD — *Guang-Ming Tan, Hong Kong*
- Current updates on management for ascending aortic disease — *Joon-Bum Kim, Korea*
- Considerations in dealing with inherited aortic diseases — *Laszlo Gobolos, UAE*
- Lifetime management of Takayasu disease — *Suci Indriani, Indonesia*

1430-1450
Coffee Break

1450-1610

Room 103 — EP-CIED
Symposium 31: Current Status of CIED
Chairpersons: Sang-Weon Park, Korea; Sanjay Tyagi, India
Panelists: David Soonil Kwon, Korea; Matthew O'Connor, New Zealand; NweNwe, Myanmar
- Remote CIED Management: Pros and Cons — *Boyoung Joung, Korea*
- How to achieve and know for successful LBBAP — *Yu-Sheng Li, Taiwan*
- Left ventricular endocardial pacing: current status — *Daehoon Kim, Korea*
- ICD indication for primary prevention: recent guidelines review — *Mark Tsz-Kin Tam, Hong Kong*

Room 104 — Adult Congenital Heart Disease 1
Symposium 32: The Basic Hurdles In ACHD
Chairpersons: June Huh, Korea
Panelists: Lucy Eun, Korea; Sung-A Chang, Korea; Oktavia Lilyasari, Indonesia; Ghadeera Saeed Al Mansoori, UAE
- Adult with CHD: A growing public Health Problem — *Seulgi Cha, Korea*
- Infective Endocarditis in ACHD — *Sisca Natalia Siagian, Indonesia*
- Pregnancy in ACHD: challenges in heart failure management during pregnancy — *Ju-Le Tan, Singapore*
- Interventional therapy for Adult Congenital Heart Disease — *Gi-Beom Kim, Korea*

Room 107 — Cardiogenic Shock-VA ECMO
Symposium 33: Growing Evidences in VA ECMO
Chairpersons: Hyeon-Cheol Gwon, Korea; Jack Tan, Singapore
Panelists: Cheol-Woong Yu, Korea; Min-Chul Kim, Korea; Julian Loh, Singapore; Supanee Sinphurmsukskul, Thailand
- Recent and ongoing trials regarding VA ECMO in Korea — *Jeong-Hoon Yang, Korea*
- Central and Awake ECMO_When and How — *In-Seok Jeong, Korea*
- Optimal candidate for Impella vs VA ECMO — *Hiroyuki Kiriyama, Japan*
- VA ECMO as a bridge to cardiac replacement therapy — *Feras Bader, UAE*

Room 109 — Preventive and General Cardiology- Calcium & Risk score for ASIA
Symposium 34: ASCVD Risk Prediction In The Asia Pacific Region
Chairpersons: Hyeon-Chang Kim, Korea; Tee Joo Yeo, Singapore
Panelists: Hokyou Lee, Korea; Dae-Young Cheon, Korea; Rodney Jimenez, Philippines; Quang Ngoc Nguyen, Vietnam
- ASCVD Risk Prediction in Low-risk Populations — *Hidehiro Kaneko, Japan*
- SCORE2 and SCORE2-Asia Pacific — *Sofian Johar, Brunei*
- Lifetime Risk Prediction of ASCVD — *Sazzil Kasim, Malaysia*
- Roles of AI in CVD Risk Prediction — *Si-Hyuck Kang, Korea*

1610-1625
Closing Ceremony
