

BONE HEALTH AMBASSADOR WORKSHOP

Organised by  OSTEOPOROSIS SOCIETY
(SINGAPORE)

29 & 30 May 2021
Saturday & Sunday, 1345 to 1700 hours
[Click here to register \(Digital Workshop\)](#)
Registration closes 15 May 2021

WHY BONE HEALTH AMBASSADORS ARE REQUIRED

Osteoporosis affects at least one in three people over age 50 years, and Singapore has the highest incidence rate of hip fracture of all Asian countries. Despite our ageing population and the increasing number of people suffering osteoporotic fractures, many Singaporeans lack knowledge about osteoporosis and how to lower their fracture risk. Bone Health Ambassadors will be empowered to increase awareness about osteoporosis in the society, and what every person can do to reduce their risk for fractures.

Who should attend this workshop?

- Lay people who are keen to be involved in bone health activities
- Caregivers of elderly and people who have had fractures
- Healthcare professionals whose work involve care of elderly
- People living with osteoporosis who are keen to help others like themselves

Why should you attend this workshop?

- To learn about Osteoporosis from a multidisciplinary team including, Doctors, Nurses, Dietitian, Physiotherapist, and Occupational therapist
- To be better equipped and informed as care-givers of people with osteoporosis
- To be able to promote a bone-healthy lifestyle among people around you
- To join OSS in future public outreach programmes
- This is a FREE workshop brought to you by the Osteoporosis Society (Singapore)

What does the workshop cover?

- Two-half day workshops, with training curriculum related to understanding osteoporosis, and measures to improve bone health and reduce fracture risk
- You will take a Multiple-Choice-Questions (MCQ) Test at the end of the training
- Upon passing the test, you will receive a Certificate of Attendance

What does the workshop programme include?

- Interactive talks with exercise demos
- Breakout sessions for role play
- Question and answer sessions

You should commit to the full training sessions and applications. Due to COVID-19, this course will be held as **2 half-day online sessions via Zoom**.
