

## Teagan Cronin

Based in the Hunter Valley NSW, Teagan Cronin has developed a depth of experience across the energy, electrical manufacturing, coal handling, logistics and finance industries over the past 18 years.

Since 2020, Teagan has been an integral part of the team responsible for planning and executing the safe and responsible closure, decommissioning, demolition and rehabilitation of AGL's portfolio of assets. Teagan is currently the Site Transition Divisional Governance and Excellence Manager, a pivotal role in aligning and enhancing AGL's asset closure expertise with a key focus on governance, risk and compliance, sustainability, legal coordination and strategic engagement.
