

David McGrath

David McGrath has over 15 years' experience advising on complex multi-creditor restructuring situations and performing strategic business reviews. He has advised a wide range of stakeholders, including corporates, senior and junior lenders, bondholders, guarantee providers and shareholders in restructuring situations across numerous jurisdictions. He is also a registered liquidator who can take insolvency appointments to effect restructures where required.

David's recent assignments have included advising on a number of high profile Australian restructuring situations including BIS Industries, Peabody Energy Corporation and Network Ten Holdings Limited. He has also advised various creditor groups in relation to a number of complex European and UK restructurings.

David has acted for clients including local and international banks, credit funds, government institutions and high net worth individuals.
