25th ASIA-PACIFIC PROSTATE CANCER CONFERENCE

Role of RT in metastasis directed therapy

ADVANCING PROSTATE CANCER RADIOTHERAPY

INNOVATIONS & BEST PRACTICES

In an era of rapid advancements in prostate cancer treatment, staying at the forefront of emerging technologies and clinical approaches is essential. Whether you are refining your approach to rectal spacing, evaluating the role of AI in radiotherapy, or considering the latest evidence on post-prostatectomy radiotherapy, this workshop will equip you with practical knowledge to enhance patient care.

Thursday 21 August, 2025

WORKSHOP CHAIRS Dr Mario Guerrieri

INTERNATIONAL SPEAKERS

United States

0925-0940	Role of systemic intensification with MDT Professor Andrew Loblaw
0940-0950	Question & Answer
0950-1000	Abstract Presentation
1000-1030	The Current Landscape of Australian Genitourinary Trials Dr Niluja Thiru & Dr Eric Wegener
1030-1100	Morning Tea
1100-1120	Focal stereotactic reirradiation for locally recurrent prostate cancer after EBRT or brachytherapy A/Professor George Hruby
1120-1140	MRL based salvage reirradiation for locally recurrent prostate cancer Dr Ee Siang Choong
1140-1200	Salvage brachytherapy after prior prostatic radiotherapy Dr George Cosman
1200-1220	DIL boost: all, some or none? Dr Eric Wegener
1220-1245	Question & Answer
1245-1330	Lunch
1245-1330 1330-1410	Lunch Panel Discussion - Rectal spacing Why choose a particular spacer or no spacer, Local versus general anaesthetic, Urologist versus radiation oncologist, Preventing and dealing with complications. A/Professor George Hruby, Professor Andrew Loblaw, Dr Mario Guerrieri, A/Professor John Yaxley
	Panel Discussion - Rectal spacing Why choose a particular spacer or no spacer, Local versus general anaesthetic, Urologist versus radiation oncologist, Preventing and dealing with complications. A/Professor George Hruby, Professor Andrew Loblaw, Dr Mario
1330-1410	Panel Discussion - Rectal spacing Why choose a particular spacer or no spacer, Local versus general anaesthetic, Urologist versus radiation oncologist, Preventing and dealing with complications. A/Professor George Hruby, Professor Andrew Loblaw, Dr Mario Guerrieri, A/Professor John Yaxley Multimodal Artificial Intelligence testing in prostate cancer
1330-1410 1410-1450	Panel Discussion - Rectal spacing Why choose a particular spacer or no spacer, Local versus general anaesthetic, Urologist versus radiation oncologist, Preventing and dealing with complications. A/Professor George Hruby, Professor Andrew Loblaw, Dr Mario Guerrieri, A/Professor John Yaxley Multimodal Artificial Intelligence testing in prostate cancer Professor Tim Showalter
1330-1410 1410-1450 1450-1510	Panel Discussion - Rectal spacing Why choose a particular spacer or no spacer, Local versus general anaesthetic, Urologist versus radiation oncologist, Preventing and dealing with complications. A/Professor George Hruby, Professor Andrew Loblaw, Dr Mario Guerrieri, A/Professor John Yaxley Multimodal Artificial Intelligence testing in prostate cancer Professor Tim Showalter Question & Answer
1330-1410 1410-1450 1450-1510 1510-1530	Panel Discussion - Rectal spacing Why choose a particular spacer or no spacer, Local versus general anaesthetic, Urologist versus radiation oncologist, Preventing and dealing with complications. A/Professor George Hruby, Professor Andrew Loblaw, Dr Mario Guerrieri, A/Professor John Yaxley Multimodal Artificial Intelligence testing in prostate cancer Professor Tim Showalter Question & Answer Abstract Presentation
1330-1410 1410-1450 1450-1510 1510-1530 1530-1545	Panel Discussion - Rectal spacing Why choose a particular spacer or no spacer, Local versus general anaesthetic, Urologist versus radiation oncologist, Preventing and dealing with complications. A/Professor George Hruby, Professor Andrew Loblaw, Dr Mario Guerrieri, A/Professor John Yaxley Multimodal Artificial Intelligence testing in prostate cancer Professor Tim Showalter Question & Answer Abstract Presentation Afternoon Tea Pelvic nodal radiotherapy - How to do it properly and systemic treatment options
1330-1410 1410-1450 1450-1510 1510-1530 1530-1545 1545-1605	Panel Discussion - Rectal spacing Why choose a particular spacer or no spacer, Local versus general anaesthetic, Urologist versus radiation oncologist, Preventing and dealing with complications. A/Professor George Hruby, Professor Andrew Loblaw, Dr Mario Guerrieri, A/Professor John Yaxley Multimodal Artificial Intelligence testing in prostate cancer Professor Tim Showalter Question & Answer Abstract Presentation Afternoon Tea Pelvic nodal radiotherapy - How to do it properly and systemic treatment options Dr Niluja Thiru Theranostics in 2025 - Current status and future of theranostics applications in prostate cancer

Panel Discussion of Controversial Cases in Prostate Cancer 1635-1705 Professor Andrew Loblaw, Dr Cristian Udovicich, Dr Aviral Singh

*Program correct at time of publication.
