W I L S O N F A B R I C S

Established in 1926 by Arthur G Wilson. Wilson Fabrics is one of Australia's largest soft furnishing wholesalers, specialising in supplying high-end drapery and blind fabrics.

Wilson Fabrics is still 100% Australian owned and proud to be manufacturing Australian Made fabrics, it is this that sets us apart. Whether we're setting up a new jacquard weave at the mill or catching up with customers in metropolitan cities or rural towns, we're passionate about what we do, our customers and our people.

Wilson Fabrics is GREENGUARD accredited, our products meet some of the world's most rigorous standards for low emissions and volatile organic compounds into our environments. This means our fabrics are safer for you, your family and make people's lives much better.

Our manufacturing facility and distribution centre is over 60,000 square metres and is a major employer in the regional town of Wangaratta, Victoria.

At Wilson Fabrics, our customers become our friends. They choose us because they know they can trust us. We take care of our customers, our people and the planet.

WHY BUY WILSON FABRICS?

We are 100% Australian owned, our blackout drapery and blackout & translucent blind fabrics are made locally at our mill in Wangaratta, Victoria.

The COLOUR FLOW™ Concept! Our Australian Made Blind, Drapery and Sheer Fabrics harmonise our colour way. Select your COLOUR FLOW™ tone and the rest just falls into place. All of which ties back to our Whitsundays sheer blind and drapery range.

10 Year Warranty on our Core Australian Made ranges, giving you peace of mind and longlasting quality.

GREENGUARD

Our Eco-Friendly fabrics are manufactured in Australia, made from materials that do not harm nature and are produced with sustainable practices, such as low emission of pollutants that contribute to improving indoor air quality.

PITCH BLACK™ Blockout Coating

Full blackout that surpasses Australian standards for blackout.

PVC Free

PVC fabrics can emit carcinogens in the home. Hence why we only develop PVC and Lead Free Fabrics, better for you and the environment.

Fade Resistant

Stringently tested for colourfastness to light ensuring they will stand the test of time.

UVE95+% Sun Protection

The sun protection rating suitable for shade fabrics is Ultraviolet Effectiveness, or UVE rating, which is a measure of the ability of a shade fabric to block ultraviolet radiation.

Australian Standards.
