ShawSmart™

YOU'RE IN CONTROL

A MOTOR TO SUIT ANY HOME

From narrow Roller Blinds to large Folding Arm Awnings, the now expanded ShawSmart range has you covered.

- **Multiple Control Options** - Choose Zigbee 3.0 for smart home integration or reliable RF control for standalone systems.
- **Fire-Safe Design** - Built with fire-retardant materials to reduce risk and meet Australian safety standards.
- **Cost-Effective DC Models** - 12V DC and RF-only motors for budget-conscious projects without sacrificing performance.
- **Whisper-Quiet Operation** - Smooth, near-silent movement for premium comfort.

- **Simple, Standalone Control** - RF Only options with no Wi-Fi or hub required.
- **Easy Programming** - Pair and set limits in minutes.
- **Multiple Channel Options** - Control single blinds or groups from one remote.
- **Reliable RF Signal** - Consistent performance, even through walls and floors.

- **Seamless Smart Home Integration** - Connects with popular platforms like Alexa, Google Home, and SmartThings.
- **Reliable Mesh Network** - Expands coverage and stability as more Zigbee devices are added.
- **Fast, Low-Power Communication** - Efficient performance with minimal battery drain.
- **Advanced Automation** - Create schedules, scenes, and voice control for a truly hands-off experience.
