

Alpha *MOTORISATION MADE EASY*

TUBULAR MOTORS PTY LTD

Choose Alpha Motors for a seamless motorisation experience ...
Together, let's make your projects a success!

Alpha is "Going Green" MEET THE NEXT GENERATION OF TUBULAR MOTORS

Alpha's new "T motor" range with enhanced performance and energy efficiency.

QUIETER • FASTER • SMOOTH OPERATION

EFFICIENT - USES LESS ELECTRICITY • LONG THERMAL OVERLOAD TIMES

WSERD30-T 2/31

- 240V motor compact design
- fits a 38mm tube
- 3m x 3m lifting capability
- 3 adjustable speeds

WSERD40-T 5/40

- quiet, high performance operation
- energy efficient with low power consumption
- long thermal overload
- fast motor at 40rpm with 3 adjustable speeds

WSERD50-T 20/17 OD zip

- fast, quiet operation with 3 adjustable speeds
- obstacle detection with fabric tensioning
- optional wind sensor
- low power consumption with long thermal overload
