ARCIA ANNUAL INDUSTRY GALA DINNER - Sofitel Melbourne on Collins

MELBOURNE MELBOURNE CONVENTION & EXHIBITION CENTRE 15-16 OCTOBER

Thursday, 16 October

Day 2 Conference Program

	Plenary – Eureka Rooms		<u></u>	
8.55am	Welcome and opening remarks Chris Stevens – MC, Comms Connect			
9.00am	Establishing the European Critical Communication System (EUCCS) Dr David Lund – Project Coordinator, EUCCS Preparation; Public Safety Communication Europe			
9.30am	Space and land convergence — how rapid developments in satellite tech are revolutionising critical mobile connectivity Luke Coleman — CEO, Australian Telecommunications Alliance			
10.00am	FirstNet from concept to reality: a standards-based approach to building the US 3GPP Public Safety Broadband Network Ryan Burchnell – CEO, Emergent and Past Area Vice President, FirstNet; David Deacon – CEO, Etherstack			
10.30am		MORNING BREAK — Exhibition Hall		
	Stream 1 – Eureka 3	Stream 2 – Eureka 1	Stream 3 – Courtyard 2	
11.15am	New Zealand's new Cellular Network Visibility Service — boosting emergency services capabilities	LEO satellite revolution: new entrants, secure integration and the future of critical connectivity	Australia's first 5G mmWave community — a new era in wireless connectivity	
	Steve Lawrence – Chief Technical Director, NGCC Sam Newton – Enterprise Architect, Hourua	Ashley Neale – Head of Space & Wireless Operations, Vocus	Carly Irving-Dolan – Executive Director, Prospecta Utilities	
11.45am	Intelligence at the edge: AI & IoT for ultra-early fire detection	Cybersecurity & digital radio — protecting mission-critical comms	Sydney Metro — Western Sydney Airport Metro Link	
	Sohan Domingo – VP Sales & Operations, Dryad Networks	Paul Whitfield – Research & Development Manager, Omnitronics	Vishal Kohil – Senior Solutions Specialist LTW, 5G & LMR, CommTel Network Solutions	
12.15pm	Powering public safety with 5G — secure, resilient, cyber-ready	Digital transformation in mission-critical comms — from traditional to hybrid operations	As mission-critical technology evolves, are you keeping an eye on your network?	
	Enrique Garcia – Head of Mission-Critical Networks, Ericsson	with PTToC Eliam-Jay Bendavid – Lead Solutions Architect, Streamwide	Senthil Sundram – Head of Telecommunications, Rohde & Schwarz	
12.45pm	Enrique Garcia – Head of Mission-Critical Networks, Ericsson	with PTToC Eliam-Jay Bendavid – Lead Solutions Architect,	Senthil Sundram – Head of Telecommunications, Rohde & Schwarz	
12.45pm 1.45pm	Enrique Garcia – Head of Mission-Critical Networks, Ericsson	with PTToC Eliam-Jay Bendavid – Lead Solutions Architect, Streamwide	Senthil Sundram – Head of Telecommunications, Rohde & Schwarz	
	Enrique Garcia – Head of Mission-Critical Networks, Ericsson LUNCH B Beyond interoperability — designing mission- driven networks for emergency response & defence	with PTToC Eliam-Jay Bendavid – Lead Solutions Architect, Streamwide REAK — Exhibition Hall – Sponsored by Radlink Comm. Network sensing for flood monitoring and prediction	Senthil Sundram – Head of Telecommunications, Rohde & Schwarz winications What has changed to allow broadband-first in mission-critical communications Lee Mason – Account Manager – Asia Pacific,	
1.45pm	Enrique Garcia – Head of Mission-Critical Networks, Ericsson LUNCH B Beyond interoperability — designing mission- driven networks for emergency response & defence Leith Mudge – Senior Systems Engineer, DTC From narrowband to mission critical to broadband, through standards Alain Ruinet – Head of APAC Program Delivery, Public Safety & Security, Airbus Defence &	with PTToC Eliam-Jay Bendavid – Lead Solutions Architect, Streamwide REAK — Exhibition Hall — Sponsored by Radlink Comm Network sensing for flood monitoring and prediction Jay Guo — Distinguished Professor, UTS Designing for urgency: lessons from deploying cell broadcast early-warning systems in the Pacific Molly James — Service Delivery & Roaming	Senthil Sundram – Head of Telecommunications, Rohde & Schwarz What has changed to allow broadband-first in mission-critical communications Lee Mason – Account Manager – Asia Pacific, L3Harris Selecting the correct PTP solution for your application Eddie Stephanou – Technical Manager, Cambium	
1.45pm 2.15pm	Enrique Garcia – Head of Mission-Critical Networks, Ericsson LUNCH B Beyond interoperability — designing mission- driven networks for emergency response & defence Leith Mudge – Senior Systems Engineer, DTC From narrowband to mission critical to broadband, through standards Alain Ruinet – Head of APAC Program Delivery, Public Safety & Security, Airbus Defence & Space Al & mission-critical comms — current trends, complexities, applications & opportunities Ashwin Dinkar – VP Defence & International Business, Eventide Communications PANEL: Satellites, space and secure critical com Moderator: Chris Stevens – Managing Director, Ca Panellists: Luke Coleman – CEO, Australian Teleco	with PTToC Eliam-Jay Bendavid – Lead Solutions Architect, Streamwide REAK — Exhibition Hall — Sponsored by Radlink Comm Network sensing for flood monitoring and prediction Jay Guo — Distinguished Professor, UTS Designing for urgency: lessons from deploying cell broadcast early-warning systems in the Pacific Molly James — Service Delivery & Roaming Manager, Omnitouch Network Services Evolution of critical infrastructure security Bhuvneshwar Tyagi — APAC Cybersecurity Domain Lead, Cloud and Network Services, Nokia Australia	Senthil Sundram – Head of Telecommunications, Rohde & Schwarz What has changed to allow broadband-first in mission-critical communications Lee Mason – Account Manager – Asia Pacific, L3Harris Selecting the correct PTP solution for your application Eddie Stephanou – Technical Manager, Cambium Networks Cell on wheels & shared infrastructure Matthew Schultz – Partner, Gravelroad Group
