The 3rd Annual Ottawa SIMposium 2026

Call for Sponsors and Exhibitors

Building on the success of the past two years, the University of Ottawa Skills and Simulation Centre, in collaboration with simulation leaders across the region, is proud to present The 3rd Annual Ottawa SIMposium.

This premier conference, dedicated to advancing healthcare simulation, will take place on June 12, 2026 at the University of Ottawa Skills and Simulation Centre.

Designed for healthcare professionals, educators and those with a general interest in medical simulation activities, this one-day event will explore the latest innovations in simulation-based education, system design, and clinical training.

Through expert-led discussions, attendees will engage in interprofessional collaboration, discover cutting-edge simulation technologies and methodologies, and gain valuable insights into best practices for integrating simulation into medical education.

We are excited to welcome a diverse audience of healthcare professionals from Ottawa and beyond, all dedicated to leveraging simulation to improve education, safety, and system performance.

Join us as we build on the momentum of last year and continue to shape the future of healthcare simulation!

Why Sponsor?

- Join in on an exciting new event that participants are eager to attend
- Sponsoring this event allows your brand to directly engage with this targeted group, potentially leading to more focused marketing efforts and connections.
- It offers a platform to showcase your products, services, or innovations to a relevant and captive audience.
- Your brand gains visibility and recognition within the medical community, potentially leading to increased trust among healthcare professionals.

Our 2026 Planning Committee
