15th Symposium on Joint Preserving and Minimally Invasive Surgery of the Hip

# HIP INSTABILITY A CONSENSUS MEETING

Dear Colleague,

The University of Ottawa, Division of Orthopaedics is proud to offer the 15th Symposium on Joint Preserving and Minimally Invasive Surgery of the Hip, with a new focus this year: Hip Instability: A Consensus Meeting, to be held June 5-7, 2025 in historical Québec City, Canada.

In past years, we have had tremendously successful symposiums with attendees from over 15 countries around the globe. More importantly, this symposium has generated over 100 peer-reviewed publications in major orthopedic journals: Journal of Bone and Joint Surgery, Clinical Orthopedics and Related Research, Journal of Arthroplasty and Orthopaedic Clinics of North America. We look forward to building on the success of these symposiums and expect another great symposium for our 15th anniversary event.

We would like to invite you to be part of this conference by considering participation as a sponsor of the program. For more information or to confirm your commitment of support, please contact Laura Darbon at the University of Ottawa, Office of Continuing Professional Development.

We hope to see you in Québec City in June 2025! .

**Paul E. Beaulé, MD, FRCSC** Professor of Surgery, University of Ottawa Head, Division of Orthopaedic Surgery, The Ottawa Hospital, Conference Chair
