

CALL FOR ABSTRACTS / POSTER PRESENTATIONS

CAMAP is committed to supporting research that informs the MAiD experience in Canada. We showcase the depth and breadth of research in this area, with an aim to increase knowledge, improve care, and/or inform policy. Research projects must fundamentally accept the legislation as it relates to MAiD.

We invite researchers to submit an abstract application to our upcoming Research Forum on **May 1, 2025 in Vancouver, BC** that provides an opportunity:

- to share findings from **completed** research, or
- to share highlights from research **in progress**
