

SPONSORSHIP OPPORTUNITIES

8th Ottawa International Conference on Neuromuscular Disease & Biology

October 14 – 16, 2027

Château Laurier, Ottawa, Canada

WHY SPONSOR?

About the Ottawa Neuromuscular Disease Conference

The Ottawa Conference will bring together world-leaders in basic and clinical NMD research to highlight advances in the field, and foster discussion and collaboration within the NMD research community to build towards the next innovations in NMD research and treatment. The Conference will highlight advances in all aspects of NMD research, including innovative developments in basic muscle and stem cell biology and pathogenesis, novel genetic diagnostic techniques, expanding clinical phenotypes and promising therapies to treat NMD. Specific sessions will focus on ground-breaking discoveries in basic, translational or clinical research into NMDs such as ALS, SMA, inherited/inflammatory myopathies, muscular and myotonic dystrophies as well as fundamental research underlying NMD biology, pathogenesis and therapeutic targets.

Why Sponsor?

Our previous conference brought together an exceptional international audience, including:

- **20-25 Invited internationally recognized speakers from Europe and the United States**
- **365+ participants**
- **Countries represented:** Canada, United States, United Kingdom, Italy, Denmark, Netherlands, and France
- **17 sponsoring organizations and exhibitors**
- **Three days** of cutting-edge science, collaboration, and networking
- **Meaningful engagement with patients and patient organizations**, helping to connect research, clinical care, and the lived experiences of those affected by neuromuscular disease

For 2027, we're building on this success with:

- Expanded sponsorship packages offering greater visibility before, during, and after the conference
- New engagement opportunities designed to connect sponsors with researchers, clinicians, trainees, and industry leaders
- A refreshed scientific program led by Dr. Mireille Khacho, Dr. Hanns Lochmüller, Dr. Bernard Jasmin, and Dr. Rashmi Kothari
