SPEAKER PROFILE

H.H.N.A. Hettiarachchi

Director General
Road Development Authority,
Sri Lanka

H.H.N.A. Hettiarachchi is a senior civil engineering professional with over three decades of experience in highway engineering and infrastructure development in Sri Lanka. A graduate of the University of Peradeniya with a Master's degree from the University of Moratuwa, he is a Chartered Engineer and Fellow of IESL. He has led several major highway and foreign-funded road projects, including the Central Expressway Project Phase III. His expertise includes project management, FIDIC-based contract administration, environmental safeguards, and sustainable infrastructure development, contributing significantly to national connectivity and public sector capacity building.
