Krishna Kesari
The World Bank Group

Krishna is a seasoned data scientist and AI enthusiast with over a decade of experience. Holding a master's in public administration from Syracuse University, Krishna has led the development of cutting-edge AI agents and pattern detection tools. Passionate about expanding AI-driven decision-making, Krishna aims to contribute to the Integrity Vice Presidency at The World Bank and the broader AI community.

Outside of work, Krishna enjoys history, painting, and mentoring aspiring data scientists. With a strong ethical foundation, Krishna is committed to creating technology that positively impacts lives.
