

SPEAKER PROFILE

Sin Wai (Angel) Chong

.....
Transport Specialist
Asian Development Bank

Angel is a Chartered Civil Engineer and joined the Asia Development Bank (ADB) in 2018. At ADB, she has been involved in transport infrastructure projects across South Asia and Southeast Asia, collaborates with government counterparts to develop project scopes, review project implementation, and identify capacity needs, to ensure transport initiatives align with safety, resilience, and development goals. Prior to joining the bank, she managed various projects involving airport planning, tunnel construction, reclamation, railway development, and site formation.
