SPEAKER PROFILE

Unurjargal Dalaikhuu

Transport Specialist
Asian Development Bank

Dalaikhuu Unurjargal is a Transport Specialist in the Transport Sector Office of the Asian Development Bank (ADB), based at ADB headquarters in Manila. She manages transport sector operations with a focus on cross-border connectivity, logistics, and regional cooperation and integration in Central and East Asia. She serves as team leader in developing and implementing investment and technical assistance projects, including initiatives to modernize border infrastructure and promote digital trade systems such as national single windows in Mongolia, Georgia, and Bhutan. She also contributes to regional programs, including the CAREC Program and ADB's new financing facility, Borders Upgrades for Integration, Logistics, and Development (BUILD) for border crossing improvements in CAREC region. Ms. Unurjargal has over 24 years of professional experience in transport, trade facilitation, and regional cooperation. Prior to ADB, she worked at the Mongolian National Chamber of Commerce and Industry and served as Secretary-General of the National Committee on Transport and Trade Facilitation. She was also the founding CEO of GS1 Mongolia, where she introduced global supply chain standards in Mongolia.
