

SPEAKER PROFILE

Ishita Sachdeva

.....
*Senior Program Officer
International Development Research
Centre (IDRC)*

Dr. Ishita Sachdeva is a sustainability and development professional with over eleven years of experience working across climate action, energy transition, sustainable finance, inclusive growth, and resilient development in South Asia. She currently serves as Senior Program Officer at the International Development Research Centre (IDRC), where she manages multi-country initiatives focused on climate finance, equitable transitions, and systems-level development challenges. Trained as an economist with a PhD from the University of Delhi, she brings expertise in policy analysis, stakeholder engagement, program leadership, and cross-sector collaboration, with a strong interest in advancing sustainable infrastructure, inclusive mobility, and development solutions for emerging economies.
