

2025 ASIAN REGIONAL FORUM ON INVESTMENT MANAGEMENT OF FOREIGN EXCHANGE RESERVES

8-10 OCTOBER | DILIJAN, ARMENIA

TUVSHINGEREL TUMENBAYAR

Acting Director
Reserve Management Division
Financial Markets Department
Bank of Mongolia

Tuvshingerel (Gerel) Tumenbayar is the Head of the Reserve Management Division at the Bank of Mongolia, where she oversees the management of foreign exchange reserve assets in high-grade money market and fixed income instruments. Her responsibilities include ensuring liquidity and safety of reserves, formulating investment guidelines, and making tactical asset allocation decisions.

With over 13 years of experience at the Bank of Mongolia, Ms. Tumenbayar has spent the past 8 years focused on reserve management and liquidity planning. She previously worked in the Research and Statistics Department, specializing in Balance of Payments analysis and projections in coordination with government agencies, major exporters, and international financial institutions.

Gerel holds a Master's degree in Applied Economics from Osaka University. Having worked across both analytical and operational functions, she brings a well-rounded perspective to central bank reserve management.
