## Holger Dalkmann

Founder & CEO  
Sustain 2030

**Holger Dalkmann** is a well-known thought leader with over twenty-five years experience in the field of transport, cities, sustainability and climate change.

Holger is Founder & CEO of Sustain 2030. He is supporting governmental organisations, foundations and leading NGOs in their efforts to scale their impact towards decarbonisation and sustainable development. E.g. he is Senior Adviser to the High Volume Transport Programme funded by UK Development and leads the Decarbonising Transport Team of the Climate Compatible Growth Program, which works in partnership with the ADB. In his capacity as Senior Advisor to the Volvo Research and Educational Foundation (VREF) he had set up a program to support Informal and Shared Mobility in Low- and Middle Income Countries (LMICs).

Holger is one of the co-founders as well as board member of SLOCAT and former Director for WRI's sustainable transport program. He has published over 100 articles including the influential Avoid-Shift-Improve concept. He is a frequent speaker and moderator at international events on sustainable mobility and climate change.
