## During the Forum

- Make sure that your camera and microphone are turned off when you join Zoom.

- We will automatically mute all participants to avoid disruptions. Use the Q&A button if you want to raise issues and questions.

- Treat the online Forum as a face-to-face session where your focus must be at 100%.

- Actively listen to the moderator and other speakers.

- Take note of key points during the discussion that you can share through your social media using #RDFS2022.

- Share your feedback after each session through a short Zoom poll to help us improve future events.
