

**SPEAKER PROFILE**

**Ganaka Hemachandra**

.....  
*Managing Director  
Sri Lanka Ports Authority*

Eng. T. K. G. L. Hemachandra is a Chartered Engineer with over 25 years of professional experience in sea port management, engineering design, project and construction management, and consultancy. He currently serves as the Managing Director of the Sri Lanka Ports Authority, providing strategic leadership and operational oversight of national port infrastructure. He has previously held senior positions including Chief Engineer (Electrical & Electronics) and Resident Manager at the Ports of Galle and Trincomalee, where he managed large-scale infrastructure projects, cost control, scheduling, and multidisciplinary teams. His expertise includes ports infrastructure development, automation, electrical and electronics engineering, ICT and communications systems, power distribution, and renewable energy solutions. He holds a BSc in Engineering (Hons) from the University of Moratuwa and an MBA (Hons) from Canterbury Christ Church University, UK. He is a Member of IESL and IET (UK). His publications include research and articles on Hybrid Vehicle Technology and Green Energy, reflecting his commitment to sustainable engineering innovation.
