SPEAKER PROFILE

Al Fattah Mohammad Masudur Rahman

Additional Director General (Infrastructure)
Bangladesh Railway

Al Fattah Md Masudur Rahman is a senior professional at Bangladesh Railway (BR), with specialization in Railway Infrastructure construction and maintenance. Over his 25-year tenure in Bangladesh Railway, he has made significant contributions to the organization's development by applying his expertise and strategic vision across railway infrastructure maintenance and execution of infrastructure development projects. He implemented Jamuna Rail Bridge Project (a 4.80 km rail bridge over mighty Jamuna River) as Project Director. Currently, he serves as the Additional Director General (Infrastructure) where he is actively working to transform the institution into a centre of excellence. Mr. Rahman holds a BSc in Civil Engineering from Bangladesh University of Engineering and Technology (BUET), Dhaka.
