

SPEAKER PROFILE

Md Waliur Rahman

.....

***Additional Chief Engineer
Roads and Highways Department,
Bangladesh***

Dr. Md Waliur Rahman is an Additional Chief Engineer of Roads and Highways Department of Bangladesh. He has specialisations in Construction Materials, Highway Engineering and Project Management. He made significant contributions in implementation of road infrastructure in Bangladesh. He has been serving as a Project Director of SASEC Dhaka Northwest Corridor Road Project Phase-II for the last 6 years. Almost 90% work is completed so far. A centre of excellence is being constructed under SASEC-II for training and research. Road Operation Units are also being established to Monitor traffic movements through ITS and to improve road safety. He was also involved in JICA funded bridge projects and implemented more than 200 bridges in Bangladesh. Dr. Rahman completed his PhD degree in Civil Engineering from the University of Birmingham, UK in 2008. Further to his experience in Project Management, he has been involved in research and teaching with Academic Institutions in the UK, Middle east and Bangladesh at different periods for the last 18 years.
