Sanitation Policy & Planning Framework

Mandate of Sanitation

Institutional Set up of Urban Sanitation

	National Level			Country Level			
Policy Making	MoLGRD&C		NFWSS				
Planning	MoP		MoLGRD &C	Pourashava and City Corporations			WASAs
Implementation	DPHE		LGED				
Service Provisions				NGOs CBOs	Sweepers	Private Operators	
Monitoring and Regulation	DPHE				Pourashava and City Corporations		
Training and TA			LGED		NGOs		

LGED's mandate for Sanitation

D. Solid Waste Management

In the area of solid waste management, the traditional approach to collecting solid waste and burying them in a landfill dump is giving way to more scientific and environmentally safe approach to complete solution method. The complete solution method includes integrated waste management system that includes transfer station, compost plant, biogas plant, controlled landfill cell, faecal sludge management etc. Three LGED projects have been working for complete solution in waste management in four municipalities. In Jashore, an integrated waste management plant has gone under successful operation. By June 2021, three other municipalities will have complete solution for solid waste management. The same concept has been incorporated in a number of pipeline projects assisted by development partners.

Ongoing Sanitation Works

Type of Sanitation Structures	Ongoing Works	Under UGIIP-3	
Land Fills (SLF)	32	28	
Faecal Sludge treatment Plant (FSTP)	28	25	
Community Toilets in Urban Slums	3034	3034	
Dustbin (Concrete)	442	442	
Public Toilets	51	51	
Water Supply Works	50 Municipalities	36 Municipalities	
Drainage Works	1420 km	600 km	
Equipments/Vehicles	As per requirement	As per requirement	

Mainstreaming Gender and Sanitation

National Level	<input type="checkbox"/> 1/3 rd women in TLCC and 40% women in WC and Standing Committees at the Pourashava level become an acts reflected in Local Government Acts 2009
LGED HQ	<ul style="list-style-type: none"> <input type="checkbox"/> An effective gender forum has been functioning well to ensure that gender has been incorporated in all projects at designing, implementing and monitoring stages. <input type="checkbox"/> Self reliant women are given award and appreciation each year in presence of ministers/secretaries and other policy makers at the national level; <input type="checkbox"/> Gender segregated data collection and reporting has become a common practice in all projects under LGED <input type="checkbox"/> Women friendly (transport, toilet, prayer room, day care etc.) working environment has been established; <input type="checkbox"/> Women and gender friendly sanitation facilities are being considered in all projects and provision for recruitment of women labor and keeping proper toilet facilities for women worker in the construction site become an establish practice for all projects; <input type="checkbox"/> Slum Improvement Committee (SIC) and Labor Contracting Society (LCS) are established to support women empowerment.
Gender Action Plan (GAP) and Poverty Reduction Action Plan	<input type="checkbox"/> All urban projects promote capacity enhancement of Pourashava /City Corporation so that they develop and implement GAP and PRAP from their own resources kept provision in the annual budget. Activity includes supply of safe water and sanitation, waste management, drainage and livelihood supports to the poor and women. This become a practice by all project Pourashavas .
National Sanitation Month, IWD etc.	<input type="checkbox"/> Celebration of National Sanitation Month and International Women Day are being happening at all levels of the projects with participation of key stakeholders include LGIs , CSOs, NGOs and communities

Project Implementation Status

PHASE-I

- JULY 2014- JUNE 2016
- 2 YEARS, COMPLETED

PHASE-II

- JULY 2016- DECEMBER 2018
- 2 YEARS 6 MONTHS COMPLETED

PHASE-III

- JANUARY 2019-JUNE 2022
- 3 YEARS 6 MONTHS, ONGOING
