

1ST INSPIRE
HEALTH FORUM

Inclusive, Sustainable, Prosperous and Resilient (INSPIRE) Health Systems in Asia and the Pacific

7-11 July 2025 • A Hybrid Event
Online and at ADB Headquarters, Manila, Philippines

Forum Primer

#INSPIREhealth2025

adb.eventsair.com/inspire-health-forum

About INSPIRE

INSPIRE Health Forum is ADB's flagship event to spark innovation and drive the transformation of health systems in Asia and the Pacific. With a strong track record of supporting its developing member countries, ADB has been instrumental in strengthening healthcare systems, particularly in response to pandemics and climate challenges.

Taking place from **7 to 11 July 2025, both online and at ADB Headquarters in Manila**, the forum will bring together health and non-health experts, policymakers, development practitioners, and industry leaders to exchange best practices, share innovative solutions, and foster collaboration for more inclusive, sustainable, and resilient health systems.

Plenary Talks

Expert-led presentations on key health and development topics:

Universal Health Coverage, climate and health, pandemic response, and preparing for future health threats.

Innovations Marketplace

A showcase of innovative technologies and approaches in healthcare,

featuring partners from medicine, vaccines, health services, regulation, financing, academia, and civil society.

Parallel Sessions

Interactive discussions across ten health tracks featuring presentations, fireside chats, and Q&A.

Track 1: **Climate and Health**

Track 2: **Universal Health Coverage**

Track 3: **Pandemics and Infectious Diseases**

Track 4: **Private Sector and Health**

Track 5: **Financing for Health**

Track 6: **Multisectoral Action**

Track 7: **Non-communicable Diseases, Aging, Disability and Mental Health**

Track 8: **Nutrition and Child Development**

Track 9: **Innovations for Health**

Track 10: **Partnerships**

Special Events & Meetings

Spotlight on the launch of key initiatives and knowledge products, and meetings with partners.

Explore Diverse Health Tracks

INSPIRE's ten focus areas tackle the region's most urgent health and development challenges, bringing together experts and change makers to spark solutions and drive lasting impact.

TRACK 1: Climate & Health

Explore bold approaches to building climate-resilient health systems and infrastructures to protect vulnerable communities from escalating climate risks.

TRACK 2: Universal Health Coverage

Learn about country-led reforms, smart investments, and community-driven innovations that bring us closer to achieving equitable and accessible health care for all.

TRACK 3: Pandemics & Infectious Diseases

Discover collaborative, cross-border solutions to strengthen pandemic preparedness and bolster health security across the region.

TRACK 4: Private Sector & Health

Explore the private sector's role in advancing UHC through innovation, investment, and strategic partnerships that scale impact and improve access to care.

TRACK 5: Financing for Health

Learn about sustainable, inclusive financing strategies from national health insurance to innovative taxation and investments that can unlock greater health outcomes.

TRACK 6: Multisectoral Action

Examine whole-of-society approaches in tackling complex health challenges like pollution, tourism-related risks, and toxic exposure through policy and action.

TRACK 7: Non-communicable Diseases, Aging, Disability and Mental Health

Address rising health demands by exploring integrated approaches to non-communicable diseases, aging, disability, and mental health across Asia and the Pacific.

TRACK 8: Nutrition & Child Development

Explore policy and programmatic solutions to combat malnutrition and childhood obesity, ensuring healthier starts for the region's youngest populations.

TRACK 9: Innovations for Health

Discover how cutting-edge technologies, data-driven tools, and health workforce innovations are reshaping the future of health care delivery across diverse contexts.

TRACK 10: Partnerships

Learn more about transformative partnerships that mobilize resources, knowledge, and innovation to accelerate progress toward resilient health systems.

Agenda

7 July • Monday

9:00–16:00	Special Event Future Health Accelerator Course Orientation (9:00–10:15) Join the orientation for the inaugural cohort of ADB’s Future Health Accelerator Course, designed to prepare leaders to drive impactful, system-wide health solutions.
	Special Event Connected Health Systems for Better Health Outcomes: Breaking Down Digital Health Silos (9:30–11:30) Discover how countries can connect digital health investments to maximize existing investments and avoid duplication.
	Special Event Building Health into Development: Health Impact Assessments (9:00–15:50) Gain insights from regional and global experts on using Health Impact Assessments to ensure development projects promote health, equity, and sustainability across the region.
	Special Event Launch of Future Health Accelerator Course (10:45–12:00) Join the launch of ADB’s inaugural Future Health Accelerator Course, equipping leaders to tackle urgent health challenges across the region.
	Special Event Inclusive Health Access: Bocce for Inclusion and Wellbeing (13:15–14:30) Discover Unified Sports, guided by athletes with intellectual and developmental disabilities, in partnership with Special Olympics.
16:10–17:30	Special Event Mobilizing Private Sector Innovation: Strengthening Health Systems in Asia and the Pacific (13:15–15:00) Explore how private sector innovation and strategic partnerships can drive stronger, more inclusive health systems across Asia and the Pacific.
	Opening Plenary Universal Health Coverage: Sustaining National Health Insurance Learn how countries are advancing Universal Health Coverage through practical strategies and shared lessons.
18:00–20:00	Reception UHC Night and Launch of UHC PEERS Connect with the new UHC PEERS network to exchange solutions and strengthen UHC efforts across the region.

*Agenda and schedule as of June 2025, may be subject to change.

8 July • Tuesday

9:00–10:15	<p>Parallel Sessions</p> <p>T1: Climate & Health Track The Bellagio HEAT and Health Framework Gain practical strategies to address extreme heat through integrated health, urban, and technology solutions guided by the HEAT Framework.</p> <p>T2: Universal Health Coverage Track The State of UHC Implementation in the Philippines Learn about the progress and challenges of UHC in the Philippines, ADB’s support, and key insights from local implementers’ experiences.</p> <p>T3: Pandemics & Infectious Diseases Track Building Diagnostic Readiness for Future Pandemics Learn about diagnostic readiness as a core pillar of pandemic preparedness, and the role of the Asia Diagnostics, Vaccines, and Therapeutics Network to Counter Epidemics (ADVANCE).</p> <p>T5: Financing for Health Track Achieving Impact through Private Equity and Venture Capital Fund Investment in Healthcare Explore the role of private equity and venture capital fund investments in transforming the health landscape in developing member countries.</p> <p>T5: Financing for Health Track The Strategic Role of Private Health Insurance for Health System Goals and to Advance UHC Explore how private health insurance can be integrated with the public systems to advance UHC through country-specific, international, and private sector lenses.</p> <p>T7: Non-communicable Diseases, Aging, Disability & Mental Health Track Investing in Actions Addressing Disability Explore international and regional strategies to promote health equity for people with disabilities and consider specific disability inclusion investments.</p>
10:45–12:00	<p>Plenary Climate and Health Initiative Explore bold strategies to turn climate risks into health action across Asia Pacific.</p>
13:15–14:30	<p>Parallel Sessions</p> <p>T2: Universal Health Coverage Track Financing Primary Health Care and Community Health Workers: Reaching the Unreached and Enhancing and Nurturing Resilient and Inclusive Community Health Workers (ENRICH) Explore the critical role of Community Health Workers in Primary Health Care by acting as a bridge between communities and the formal healthcare system.</p>

**Agenda and schedule as of June 2025, may be subject to change.*

13:15-14:30	T3: Pandemics & Infectious Diseases Track One Health and Regional Partnerships for Health: GMS, CAREC, South Asia and BIMP-EAGA Learn how One Health connects people, animals, and nature to tackle disease, climate risks, and biodiversity loss across Asia.
	T7: Non-communicable Diseases, Aging, Disability & Mental Health Track Non-Communicable Diseases (NCD) Innovations Gain insights on the potential of innovative technologies in enhancing NCDs screening, monitoring, and management.
	T3: Pandemics & Infectious Diseases Track Building Diagnostic Readiness for Future Pandemics Learn about diagnostic readiness as a core pillar of pandemic preparedness, and the role of the Asia Diagnostics, Vaccines, and Therapeutics Network to Counter Epidemics (ADVANCE).
	T10: Partnerships Track Blended Financing and Financing Partnerships Explore co-financing strategies, tackle shared challenges, and build transformative partnerships to strengthen health systems in the region.
	T10: Partnerships Track Partnership with PRC Fund for Health Impact Gain insights into the technical assistance activities supported by the PRC Fund and how to strengthen its future contribution to ADB's health sector work.
14:35-15:50	Parallel Sessions T4: Private Sector & Health Track Bridging Gaps: The Role of Private Sector in Achieving UHC Hear from healthcare leaders in the private sector sharing their experiences and best practices in advancing access to healthcare services and supporting innovation.
	T6: Multisectoral Action Track Travel Safe, Stay Safe: Reinventing Health Systems for Tourism Explore innovative and collaborative strategies between tourism and health sectors to create a more health-resilient travel ecosystem.
	T8: Nutrition & Child Development Track Tackling Child Malnutrition: Policies and Practices Discover why child nutrition matters and how effective, multisector solutions are shaping ADB's investment priorities.
	T9: Innovations for Health Track Artificial Intelligence (AI) and Health Services: Lessons from PRC Explore real-world applications of AI in health services from the PRC and how responsible governance frameworks can enable safe, scalable, and ethical integration of AI into healthcare systems.

*Agenda and schedule as of June 2025, may be subject to change.

14:35-15:50	<p>T10: Partnerships Track Climate-Resilient Health Systems in Asia: Transforming Service Delivery and Governance for People and Planet Explore how Asia is advancing climate-resilient health systems through innovative service delivery and governance.</p>
16:10-17:30	<p>Parallel Sessions T2: Universal Health Coverage Track Investing in Patient Safety Discover how strengthening patient safety drives better health outcomes and accelerates progress toward UHC.</p>
	<p>T2: Universal Health Coverage Track Capital Health Assets Management Program (CHAMP) Learn more about strengthening the planning, financing, and management of capital health assets to build resilient and efficient health systems across Asia and the Pacific.</p>
	<p>T9: Innovations for Health Track Investing in Medical and Other Health Professional Education and Health Workforce Explore how investments in health professional education and workforce development can close critical service gaps and advance UHC in the region.</p>
	<p>Special Event Innovations Marketplace Explore groundbreaking health innovations that advance access, quality, and climate resilience.</p>
18:00-20:00	<p>Special Event Healthy and Nutritious Food Demonstration Experience practical ways to prepare healthy, nutritious meals that support better health outcomes.</p>
	<p>Special Event Partners' Night Celebrate collaboration and strengthen connections on an evening of networking, appreciation, and shared commitment to healthier futures.</p>

**Agenda and schedule as of June 2025, may be subject to change.*

9 July • Wednesday

9:00–10:15	<p>Plenary Tapping the Demographic Dividend: Strengthening Early Childhood Development Discover how investing in early childhood can transform health, nutrition, and equity, starting from the very first years of life.</p> <p>Parallel Sessions T1: Climate & Health Track Developing Sustainable and Resilient Health Systems and Infrastructure: Innovative Examples from Thailand, Armenia and India Explore common challenges and innovative examples from countries on developing climate resilient health systems and infrastructure.</p> <p>T2: Universal Health Coverage Track Tackling Cancer Care: Innovative Models from Assam, India and the Philippines Discover innovative models for tackling cancer care focused on improving early detection, personalized treatment, and accessibility.</p> <p>T5: Financing for Health Track Strategic Reforms on Health Financing: UHC Reforms on the Frontline in Indonesia, Viet Nam, Turkey and Mongolia Explore how four countries strengthen health coverage and financial sustainability through recent health financing reforms and strategies for informal sector inclusion.</p>
10:45–12:00	<p>Plenary How Pandemic Response Drives UHC Hear from global experts as they reveal how plugging the gaps in our response to the COVID-19 pandemic can yield lasting wins for routine health services.</p>
13:15–14:30	<p>Parallel Sessions T1: Climate & Health Track Sustainable and Resilient Health Systems and Infrastructure: Pakistan, Philippines and CAREC Learn how countries are transforming health facilities with energy-efficient technologies and robust designs, setting new design standards for low-carbon, future-ready healthcare delivery.</p> <p>T2: Universal Health Coverage Track Transforming Nursing: New Approaches from Pakistan and the Philippines Discover new approaches to transforming nursing, with a focus on innovations, challenges, and policy implications within the evolving global healthcare landscape.</p>

**Agenda and schedule as of June 2025, may be subject to change.*

13:15-14:30	<p>T3: Pandemics & Infectious Diseases Track Advanced Warning and Response (AWARE) Systems Explore how ADB's AWARE initiative is transforming climate and health resilience with early warning tools, real-time data, and country-driven solutions.</p>
	<p>T7: Non-communicable Diseases, Aging, Disability & Mental Health Track Healthy Aging: The Integral Role of Long-Term Care Explore strategies and best practices for building sustainable long-term care systems that support healthy aging and dignity for older populations across the region.</p>
	<p>T10: Partnerships Track Asian Coalition for Financing Research, Vaccine Development and Other Innovations (Part 1) Learn about the Asian Funders' Coalition and how it strengthens regional R&D efforts for infectious disease prevention and control, to enhance public health impact regionally and globally.</p>
14:35-15:50	<p>Parallel Sessions T2: Universal Health Coverage Track UHC Reforms in India: Bringing Demand and Supply Side Reforms Together Learn more about India's 'Ayushman Bharat', the country's comprehensive primary healthcare delivery and social insurance coverage.</p>
	<p>T4: Private Sector & Health Track Behind the Deal: What Makes Healthcare PPPs Work (or Fail)? Gain practical insights from public and private sector leaders on lessons, expectations, and effective strategies for implementing successful healthcare PPPs.</p>
	<p>T6: Multisectoral Action Track Transport, Health and Air Pollution Explore mitigation strategies for Transport-Related Air Pollution (TRAP) through urban transport planning, and health system responses.</p>
	<p>T9: Innovations for Health Track Logistics and Supply Chain for UHC Explore how efficient logistics and supply chain systems advance UHC and ensure the timely delivery of essential health services and commodities.</p>
	<p>T10: Partnerships Asian Coalition for Financing Research, Vaccine Development and Other Innovations (Part 2) Learn about the Asian Funders' Coalition and how it strengthens regional R&D efforts for infectious disease prevention and control, to enhance public health impact regionally and globally.</p>

**Agenda and schedule as of June 2025, may be subject to change.*

16:10-17:30	Parallel Sessions T2: Universal Health Coverage Track Strengthening Thailand's Health System Explore how Thailand is strengthening its health system to sustain and advance UHC through policy innovation, primary care investment, and inclusive health reforms.
	T3: Pandemics & Infectious Diseases Track From Crisis to Confidence: Building a Pandemic-Ready Asia and the Pacific Learn how Asia and the Pacific can transition from crisis response to long-term resilience by strengthening pandemic preparedness through financing, coordination, and cross-sectoral action.
	T9: Innovations for Health Track Digital Health Innovations and Use of Geographic Information System (GIS) and Earth Observation in the Health Sector Explore how digital health innovations can strengthen health systems, improve service delivery, and advance UHC across Asia and the Pacific.
	Special Event Innovations Marketplace Explore groundbreaking health innovations that advance access, quality, and climate resilience.
	Special Event Healthy and Nutritious Food Demonstration Experience practical ways to prepare healthy, nutritious meals that support better health outcomes.
18:00-20:00	Reception Knowledge and Solutions Night Celebrate innovation and collaboration in health through an evening of knowledge sharing, networking, and spotlight sessions on transformative solutions.

**Agenda and schedule as of June 2025, may be subject to change.*

10 July • Thursday

9:00–10:15	<p>Parallel Sessions</p> <p>T1: Climate & Health Track</p> <p>Resilient Pacific Islands Health Infrastructure and Systems: Kiribati, Papua New Guinea, Fiji and Cook Islands</p> <p>Explore how Pacific Island nations are fortifying health facilities and services to withstand extreme events and ensure uninterrupted care for their communities.</p>
	<p>T2: Universal Health Coverage Track</p> <p>Indonesia's Health System Transformation</p> <p>Discover how Indonesia's Health System Transformation Agenda leverages pandemic lessons, innovation, and strategic investment to advance universal health coverage and strengthen its health system.</p>
	<p>T2: Universal Health Coverage Track</p> <p>Addressing Last Mile Health Services Delivery for UHC</p> <p>Learn how countries are improving last-mile health delivery through policy, innovation, local workforce models, and climate adaptation.</p>
	<p>T3: Pandemics & Infectious Diseases Track</p> <p>From Response to Resilience: Lessons from ADB's Health Sector Technical Assistance Support to Address COVID-19</p> <p>Uncover how ADB and its partners transformed COVID-19 challenges into lasting reforms for stronger, future-ready health systems.</p>
	<p>T4: Private Sector & Health</p> <p>Leveraging Innovative Health Technologies through Venture Investment</p> <p>Explore how venture investments are accelerating the development and adoption of innovative health technologies to improve access, quality, and system resilience across the region.</p>
10:45–12:00	<p>T5: Financing for Health</p> <p>Health Taxes: From Policies to Implementation</p> <p>Gain insights on policy and implementation of health taxes on tobacco, alcohol, and sugar-sweetened beverages.</p>
	<p>Plenary</p> <p>How Can Pandemic Preparedness and Response Make Health Systems More Resilient</p> <p>Hear key insights and lessons learned from national health agency leaders, research organizations and the WHO on how pandemic preparedness can be a win-win situation for health sector resilience.</p>

**Agenda and schedule as of June 2025, may be subject to change.*

13:15-14:30	<p>Parallel Sessions T1: Climate & Health Track Global Heat Health Information Network Understand how chronic heat silently harms health and explore data-driven strategies to strengthen health systems and community resilience.</p> <p>T2: Universal Health Coverage Track Financing Best Buys in Health Explore key findings from the 2024 Lancet Commission on Investing in Health and their impact on health investment priorities in Asia and the Pacific.</p> <p>T3: Pandemics & Infectious Diseases Strengthened Regional Vaccine Manufacturing and Regulation Uncover how ADB is boosting vaccine access with regional production and streamlined regulation.</p> <p>T7: Non-communicable Diseases, Aging, Disability & Mental Health Track Investing in Mental Health Explore innovative solutions to galvanize stronger financial and policy commitment for mental health investment.</p> <p>T10: Partnerships Accelerating Sustainable Practices and Climate Resilience in Asia's Healthcare Sector (Part 1) Explore how financing strategies, multisector partnerships, and practical innovations in the private sector can support sustainable and resilient health systems and supply chains across Asia, with a call to action.</p>
14:35-15:50	<p>Parallel Sessions T3: Pandemics & Infectious Diseases Tracks Ending Complex and Challenging Infectious and Tropical Diseases (ExCITD) Discover how ADB's ExCITD initiative is tackling climate-driven diseases through stronger systems and regional action.</p> <p>T6: Multisectoral Action Track Addressing Lead Poisoning Uncover how the health sector can lead cross-sectoral action to eliminate childhood lead exposure in Asia and the Pacific, and move toward a lead-free future.</p> <p>T8: Nutrition & Child Development A Growing Concern: Tackling Obesity in Asia & the Pacific Confront the rising obesity crisis in Asia and the Pacific and examine how health systems can drive cross-sector action to reduce its growing burden.</p>

**Agenda and schedule as of June 2025, may be subject to change.*

14:35-15:50	<p>T9: Innovations for Health</p> <p>Access to Medicines: Transformative Solutions for a more Sustainable, Efficient and Cost-effective Pharmaceutical Sector</p> <p>Unlock practical solutions to improve medicine access through manufacturing, procurement, and supply chain innovation.</p>
16:10-20:00	<p>T10: Partnerships</p> <p>Accelerating Sustainable Practices and Climate Resilience in Asia’s Healthcare Sector (Part 2)</p> <p>Explore how financing strategies, multisector partnerships, and practical innovations in the private sector can support sustainable and resilient health systems and supply chains across Asia, with a call to action.</p> <p>CLOSING PLENARY</p> <p>Insights, Agreements and Next Steps</p> <p>Mark the forum’s close with key takeaways, shared commitments, and an ambitious path forward for stronger health systems across Asia and the Pacific.</p> <p>Reception</p> <p>Ministerial Reception</p> <p>Connect with health leaders and ministers from across Asia and the Pacific in an evening of dialogue, collaboration, and shared commitment to resilient and inclusive health systems.</p>

**Agenda and schedule as of June 2025, may be subject to change.*

11 July • Friday

Symposium on Multilateral Financing for Pandemic Preparedness and Response

8:30–8:45	Welcome Remarks
8:45–9:15	Keynote Speech
9:15–10:45	Session 1 Pandemic Preparedness—Lessons from COVID-19 and Other Health Crises This session examines country experiences of responses to COVID-19 and other health crises and aims to draw lessons learned and good practices that shape innovative approaches to pandemic responses, preparedness, and health system resilience.
11:00–12:30	Session 2 Creating A Multilateral Financing Mechanism for Pandemic Preparedness This session discusses the design and setup of a new multilateral financing mechanism for DMCs to serve as a regional platform for health risk surveillance and pandemic responses, with support from MDBs, international organizations, and donors. The proposed financing mechanism will ensure strategic engagement with vaccine manufacturers and developers and undertake procurement of medical countermeasures on behalf of DMCs.
13:30–15:00	Session 3 Ensuring Access to Medical Countermeasures through Strategic Procurement This session contemplates effective procurement strategies to ensure timely and equitable access to medical countermeasures (vaccines, diagnostics, and therapeutics including oxygen) in responses to the future known and unknown health security threats. The discussions will guide how DMCs and MDBs can work together to implement advance purchase agreements, which provide the manufacturer some prepayment and a legally binding commitment to procure the vaccine conditional on regulatory authorization.
15:15–16:45	Session 4 Bridging Financing Gaps for Pandemic Preparedness This session explores the roles of MDBs, international organizations, and donors in bridging the financing gaps for pandemic preparedness in DMCs. The session aims to shed light on how ADB and other development partners can realign its priorities and existing financing modalities toward impactful pandemic preparedness investments.
16:45–17:15	Closing Session High-level Roundtable Discussion on Ways Forward

**Agenda and schedule as of June 2025, may be subject to change.*
