SPEAKER PROFILE

# Ritu Mishra

***Senior Transport Specialist***
***Asian Development Bank***

Ritu Mishra is a Senior Transport Specialist at the Asian Development Bank. She has been working with ADB since 2018. She contributes to the strategic and operational development of the transport sector, with a strong focus on advancing climate finance goals through sustainable and resilient transport initiatives. Her areas of expertise include sustainable transportation, transport infrastructure asset management, and road safety. She has been actively involved in supporting projects and policies that promote low-carbon, safe, and efficient transport systems across the region. Ritu holds an MSc in Transport Planning and Engineering from the University of Leeds and an MSc in Sustainable Development from the University of Sussex.
