ADB

SEASON 2, SESSION 2 – WEDNESDAY, 24 March 1400 – 1530 PHT (Manila time)

Towards Resilient Water Systems

Speaker:

Geoff Wilson

Senior Water Resources Specialist
Asian Development Bank

Geoff Wilson is a senior water resources specialist with the Asian Development Bank. He is a professional civil engineer with over 30 years' consultancy experience covering a wide range of water-related disciplines, including hydraulic engineering, hydrology, water resources, coastal and maritime projects in Europe, Middle East and Asia/Pacific. Geoff's current position is within the Sustainable Development and Climate Change Department of ADB where he provides advice and supports project preparation for a variety of water-related projects.
