

**SPEAKER PROFILE**

**Fajar Nugrahaini**

.....

*Head of Road Safety  
and Transport Technical Section  
Jakarta Provincial Government –  
Transportation Agency*

Fajar Nugrahaini is a transport policy practitioner at the Transportation Agency of DKI Jakarta with more than a decade of experience in urban transport governance, public transport reform, and road safety policy. Currently serving as Head of Traffic Safety and Vehicle Technical Division, She previously led Jakarta’s road transport operations and contributed to major initiatives including JakLingko integration, PSO reform frameworks, and transport demand management policies. Her work focuses on sustainable urban mobility, institutional coordination, and transport system transformation in Jakarta, including initiatives related to road safety, emission reduction, and public transport modernization.
