Join us in building the future of *Landcare in New South Wales*

We can hear it now...the sound of passionate, vibrant, inspiring Landcare volunteers, farmers and professionals, converging in Corowa, Southern NSW from the 27th to 29th of October for the 2026 NSW Landcare and Local Land Services Conference. These are the changemakers, the land stewards and the community leaders from NSW.

THIS IS YOUR CHANCE TO SUPPORT THE MOVEMENT

The 2026 NSW Landcare and Local Land Services Conference celebrates over 35 years of the Landcare movement, bringing together communities, industry, and government to protect and manage Australia's natural resources. Under the theme "The Sum of It All," the conference highlights collaboration, community, care, and culture, showcasing the power of people working together for positive outcomes.

YOUR COMPANY CAN MAKE GREAT THINGS HAPPEN

Sponsoring the conference gives you a unique opportunity to connect with key industry leaders, and engage with a passionate community - whether you want to showcase a product to a captive audience, highlight your environmental credentials, or support the influx of delegates visiting Corowa, you will be part of an event that drives meaningful impact for the region and the environment.

HELP BRING COROWA TO LIFE

This isn't your typical conference. We're leaving the shiny convention centres of the big city behind and bringing the event to the heart of the bush. Think community halls with cosy tea rooms, historic flour mills, and pubs where you can still tie up your horse. We're taking the movement to Corowa, a region defined by its flowing rivers, vibrant wetlands, iconic red gum woodlands, and productive mixed-farming landscapes - and, importantly, a proud and enduring Landcare legacy.

The Town

Imagine a place where rivers wind through wetlands, red gum woodlands stretch as far as the eye can see, and productive farms sit alongside thriving natural landscapes. Corowa is that place - a town rich in history, with a proud Landcare legacy and a strong sense of community. It's where people come together to care for the land, share knowledge, and create lasting impact, making it the perfect setting for the 2026 NSW Landcare and Local Land Services Conference.

From relaxed networking over local food and drinks to inspiring sessions in character-filled spaces, each venue offers its own atmosphere and sense of place. Delegates will move through Corowa as part of the experience itself, sharing ideas and building connections in spaces shaped by generations of community. These venues do not just host the conference, they reflect the spirit of Landcare - grounded, welcoming, and deeply connected to people and place.

The Venues

Venues will be as vibrant and unique as Corowa itself. Club Corowa offers a welcoming space for connection and conversation, the Balldale Hotel serves up country hospitality and charm, and the Corowa Distilling Co. blends history with craftsmanship. Corowa Memorial Hall carries the echoes of decades of community gatherings, while cultural heritage sites around town bring the region's rich stories and traditions to life - creating the perfect backdrop for a truly memorable conference experience.

Beyond the conference rooms, Corowa invites you to slow down and reconnect with what matters. Early mornings bring mist rising gently from the Murray River, while stories of resilience and regeneration live in every paddock, riverbank, and community hall. Here, innovation and tradition walk hand in hand, where farmers, community leaders, and land stewards gather not just to talk about change, but to experience it together. In Corowa, the landscape itself becomes part of the conversation, inspiring new ideas, deeper connections, and a shared commitment to shaping a healthier future for land and people.

The Awards

The NSW Landcare Awards is a key biennial event that acknowledges and celebrates local Landcare achievements at a state level. The Awards, which feed up to the National Landcare Awards, champion the achievements of Landcare volunteers around the country who dedicate their valuable time and energy into caring for the land, water, industries and communities that sustain us.

The Awards are a major drawcard of the conference, and have historically attracted significant state and national media attention, and a number of high profile VIPs including representatives from industry, local and state politics. The award ceremony, which is set to take place during the gala dinner, is now a traditional component of the conference and is always a favourite part of the event. You just try and keep us off the dance floor!

Awards Sponsorship Opportunities

There are a number of opportunities to sponsor components of the 2026 NSW Landcare Awards including supporting the ceremony or individual award categories.

Please contact us if you are interested in specifically sponsoring the awards.
