2026 SPONSORSHIP PROSPECTUS
18 – 20 NOVEMBER 2026

About

Thank you for considering involvement in the 2026 ChemEd BioLive Conference — a biennial event that brings together secondary school educators and professionals in the fields of chemistry and biology. With an expected attendance of 300 plus science teachers from across New Zealand, the conference provides a dynamic platform for sharing current research, exploring innovative teaching practices, and fostering meaningful connections among science educators nationwide.

This year, we are excited to introduce a new **Principal Sponsorship Package**, alongside our established gold, silver, and bronze options. Each package includes complimentary registrations that cover all conference sessions, daytime catering, the popular Quiz Night, and the Networking Dinner — with no hidden costs or add-ons.

As a sponsor, you'll have the opportunity to showcase your organisation to a highly targeted audience of chemistry and biology educators, highlighting your commitment to science education and the development of future scientists.

All sponsorship packages are on a first come basis or if you would like a bespoke package, do make contact.

Where?

University of Canterbury – Rata Foyer, Engineering Block. All daytime catering is in the same space.
Ilam Road, Christchurch

Sponsor Benefits

We strongly believe that every conference in New Zealand is an enriching occasion for all those who attend. Partnering with key organisations such as yours enables us to expand what the conference can offer to our attendees. Sponsorship directly benefits all those who attend but it also provides you with opportunities to make connections with like-minded individuals which would not otherwise be able to occur.

PROMOTE AND SHOWCASE

You can present your brand, company and products to our attendees, and meet potential clients face-to-face. Use the exhibition space to demonstrate your services and products to over 300 attendees.

NETWORK AND CONNECT

Why sponsor the event? ChemEd BioLive gives you the opportunity to connect with secondary and tertiary sectors. It has been a long time since Christchurch hosted such a conference, so the coverage, buzz and anticipation will be huge! We are expecting a wide range of new teachers this year for you to meet for the first time and help on their educational journeys.
