TITLE (20 words maximum)

From Cyberheroes to a Cybersecure Culture

ABSTRACT CONTENT (300 words)

So, you want to build a cyber awareness culture across your organisation! This is not an easy or quick undertaking; culture takes time to nurture, develop and turn into a reality. CQUniversity is on this journey, it is the next step to take the successful Cyberhero awareness program and turn it into an organisational wide culture change. We will be discussing how we arrived here, the challenges and the funny things we learnt along the way. If you are considering developing a cyber awareness culture at your organisation you can learn from our wins, mistakes and what it takes to do this in a very busy University.
