49TH INTERNATIONAL MENTAL HEALTH NURSING CONFERENCE

9-12 SEPTEMBER 2025, MEANJIN, BRISBANE

About the conference

The ACMHN will be hosting the 49th International Mental Health Nursing Conference (ACMHN 2025) on the traditional lands of the Jagera and Turrbal people in Meanjin, Brisbane in September 2025. ACMHN 2025 is looking forward to welcoming more than 500 delegates over 3 days. The conference showcases excellence in mental health nursing, offering opportunities to network with national and international delegates, and establish partnerships to enhance health outcomes for consumers, their families and carers, and the broader community.

The conference theme, *Mental Health Nursing – Our Identity, Influence, and Impact*, recognises that mental health nurses themselves have had to advocate to have their specialist skills recognised. Mental health nurses are not general nurses or mental health clinicians, they are mental health nurses. Mental health nurse identity has lacked recognition however now is the time to demonstrate their contribution to safe, effective and specialist mental healthcare.

When mental health nurses are recognised and practice within their optimal scope of practice, they influence government policy, health care reform, lead services, work outside traditional health care settings, and are highly regarded.

This conference will honour the Australian College of Mental Health Nurses' collaboration with the Congress of Aboriginal and Torres Strait Islander Nurses and Midwives (CATSINaM) and Drug and Alcohol Nurses Association (DANA).

Keynote speakers will be invited to share with us their ideas, perspectives and knowledge. Keynotes, workshops, lightning, and concurrent presentations will provide delegates with opportunities to reconnect, reflect and refresh.

Our aim for the 49th International Mental Health Nursing Conference is to create an environment conducive to sharing knowledge, building relationships and promoting collaborative practice. We seek to enhance and strengthen the profession of mental health nursing and the mental health sector more broadly, through providing mutually beneficial partnership opportunities for stakeholders, health care agencies and educational institutions.

Key topics include:

- Identity
- Impact
- Influence
- Scope of practice
