

# THE HON KATE LUNDY

Distinguished Advisor, ANU National  
Security College

Having served as Senator for the ACT in the Federal Parliament for nearly twenty years, Kate Lundy resigned nine years ago to pursue her interest in the impact and contribution of technology on societies and economies.

Whilst serving in the Federal Parliament, Kate held various front bench portfolios across both Government and Opposition, including IT, Industry and Innovation, Digital Economy, Manufacturing, Sport, Recreation and Health Promotion, Local Government, and Multicultural Affairs.

In 2017, the Australian National University awarded Kate a Doctor of Letters (honorary doctorate) for her “exceptional contributions to advocacy and policy for information communications and technology, for the ACT and nationally.” Kate was also inducted into the Pearcey Foundation’s Hall of Fame for “Distinguished lifetime achievement and contributions to the development and growth of the Information and Communications Technology Industry.”

Kate now holds a number of company directorships including the Canberra Institute of Technology, Australian Grand Prix Corporation, Cyber Security Cooperative Research Centre, Electro Optic Systems, the National Roads and Motoring Association, the National Youth Science Forum and her own consulting company, Technology Innovation Partners Pty Ltd. Kate is also Chair of Heavy Ion Accelerators, the ACT Defence Industry Adviser and a member of the Australian Space Industry Leaders Forum.
