

# DR JON GORVETT

Chief Executive Officer, Environment  
Protection Authority

Dr Jon Gorvett has led the South Australian EPA since May 2023. He was previously Deputy Chief Executive of the Department of the Premier and Cabinet (SA), leading policy development and coordination, including Cabinet Office, Data Analytics, Security and Intergovernmental and Diplomatic Relations. As head of intergovernmental relations, he led the coordination of the State's engagement with the Federal government and other jurisdictions in response to COVID-19, the bushfires of 2019–20, counterterrorism, and the 2021 River Murray flood.

Before migrating to Australia, Dr Gorvett worked in the UK Government, in a variety of policy roles including as the UK's lead negotiator on EU climate change legislation, negotiating policy and regulations including the operation of the EU's carbon Emissions Trading System.

Dr Gorvett has a PhD, Masters and Bachelors degrees from the University of Nottingham.
